Title I, Part A Proportionate Share Determination

Title I, Part A: Determination of Proportionate Share of Title I, Part A Funds for Private Schools

Under the Elementary and Secondary Education Act of 1965 (ESEA) as amended by the Every Student Succeeds Act (ESSA) Section 1117(4)(A)(ii), the proportional share of Title I funds for private schools shall be determined based on the total amount of Title I, Part A funds received by the local education agency (LEA) prior to any allowable expenditures or transfers by the LEA.

The steps to determine the **Proportionate Share amount** are calculated as follows:

1. The LEA determines the participating public attendance school areas of Title I schools only.

2. The LEA determines the number of children from **low-income families** residing in each participating area (Title I schools) who attend public and private schools.

3. The LEA determines proportion of children from low-income families residing in each participating area (Title I schools) who attends private schools.

4. The LEA applies the private school proportion to the LEA's total Title I allocation to determine the equitable services proportionate shared.

An example of the above calculation:

Step 1: An LEA named All Georgia School System has a total of ten schools, but only six are Title I schools, which are comprised of three elementary, two middle, and one high school. These six Title I schools are the participating public attendance school areas in Title I funds.

Step 2: The total student enrollment for these six Title I schools is 4,278 and their total number of students from low-income families is 3,251. The All Georgia School System has four private schools participating in the LEA's Title I funds. These four private schools have a total of 36 students who reside within the six Title I schools' attendance zones. Of these 36 students attending private schools, only 12 of the students are from low-income families. Therefore, the total count of students from low-income families is 3,263 (3,251 from the LEA's Title I schools, plus 12 from the private schools who reside in Title I schools' attendance zones).

Step 3: The private school proportionate share is determined by dividing the total private school students from low-income families (12) by the total students from low-income families at the private schools and the LEA (3,263). Therefore, 12/3,263 equals .0037 rounded to four decimal places.

Step 4: If the All Georgia School System received a Title I, Part A allocation totaling $4,080,250, the four private schools' proportionate share would be $15,097 ($4,080,250 x .0037). The LEA would have $15,097 to provide equitable services of eligible private school students, their teachers, and their parents who reside in the LEA's attendance areas.

The table below depicts the scenario outlined above.

Title I, Part A Proportionate Share Determination

Example of Determining the Title I, Part A Proportionate Share for Private Schools' Equitable Services			
Public School Title I Attendance Areas for the All Georgia School System (LEA)	Number of Public School children from Low-Income Families at Title I schools	Number of Private School children from Low-Income Families residing in the All Georgia School System's Title I Attendance Zones	Total Number of children from Low-Income Families
High School	750	3	753
Middle School	600	2	602
Middle School	500	2	502
Elementary School	500	2	502
Elementary School	450	2	452
Elementary School	451	1	452
TOTAL	3251	12	3263
PROPORTIONATE SHARE of the All Georgia School System's Title I allocation of $4,080,250	.9963	.0037	
	$4,065,153 (LEA's share)	$15,097 (Private Schools' Share)	

Should you have any questions, please contact Dr. Ken Banter or Dr. Randy Phillips (Title I Program Mangers) at kbanter@doe.k12.ga.us or rphillips@doe.k12.ga.us or by phone at (404) 656-4028.

LEA	Participating Private School	# of Poverty Students	Private School Proportionate Share	LEA's Total Proportionate Share

TITLE I PART C –EDUCATION OF MIGRATORY CHILDREN

Children who attend private school are eligible to receive MEP services if they: 1) meet the statutory and regulatory definition of a migrant child; 2) meet the priority for services criteria in section 1304(d); and 3) have unique needs of migratory children identified through the State's comprehensive needs assessment and service delivery plan.

The SEA and local operating agency have the discretion to determine what number of eligible students is too few to serve, so long as this determination is made on an equitable basis (i.e., on the same basis as public schools). If it is feasible and equitable, agencies may adopt alternative methods that are cost-effective to serve small numbers, such as individual tutoring programs, professional development activities with the classroom teachers of eligible migrant students, or other strategies.

If, after consultation with private school officials, the officials do not wish to have their students participate in the MEP, neither the SEA nor the local operating agency are required to serve these children. However, in its consultation, the local operating agency should explain the various ways in which the agency can help provide services to children attending private schools.

A. Number of Students	Example A
A1: LEA Enrollment (PreK-12)	500
A2: Participating Private School Enrollment*	5
A3: Total Enrollment = A1 + A2	505
B. *Title I, Part C* Allocation	
B1: LEA Allocation	$100,000
B2: LEA Allocation divided by number of MEP participants (B1/A2)	505
B3: Amount per MEP participant	$198.02
C. Per Pupil Rate / Equitable Services	
C1: Amount LEA must reserve for equitable services for participating private schools Enrollment A2 x B3	$990.10

Every Student Succeeds Acts
Title II, Part A Formula Grant Allocation Requirements

Richard Woods, Georgia's School Superintendent
"Educating Georgia's Future"

SEC. 2101. [20 U.S.C. 6611] FORMULA GRANTS TO STATES.

(c) STATE USES OF FUNDS.—

(1) IN GENERAL.—Except as provided under paragraph (3), each State that receives an allotment under subsection (b) for a fiscal year shall reserve not less than 95 percent of such allotment to make subgrants to local educational agencies for such fiscal year, as described in section 2102.

(2) STATE ADMINISTRATION.—A State educational agency may use not more than 1 percent of the amount allotted to such State under subsection (b) for the administrative costs of carrying out such State educational agency's responsibilities under this part.

(3) PRINCIPALS OR OTHER SCHOOL LEADERS.—Notwithstanding paragraph (1) and in addition to funds otherwise available for activities under paragraph (4), a State educational agency may reserve not more than 3 percent of the amount reserved for subgrants to local educational agencies under paragraph (1) for one or more of the activities for principals or other school leaders that are described in paragraph (4).

(4) STATE ACTIVITIES.—

(A) IN GENERAL.—The State educational agency for a State that receives an allotment under subsection (b) may use funds not reserved under paragraph (1) to carry out 1 or more of the activities described in subparagraph (B), which may be implemented in conjunction with a State agency of higher education (if such agencies are separate) and carried out through a grant or contract with a for-profit or nonprofit entity, including an institution of higher education.

SEC. 2102. [20 U.S.C. 6612] SUBGRANTS TO LOCAL EDUCATIONAL AGENCIES.

(a) ALLOCATION OF FUNDS TO LOCAL EDUCATIONAL AGENCIES.—

(1) IN GENERAL.—From funds reserved by a State under section 2101(c)(1) for a fiscal year, the State, acting through the State educational agency, shall award subgrants to eligible local educational agencies from allocations described in paragraph (2).

(2) ALLOCATION FORMULA.—From the funds described in paragraph (1), the State educational agency shall allocate to each of the eligible local educational agencies in the State for a fiscal year the sum of—

(A) an amount that bears the same relationship to 20 percent of such funds for such fiscal year as the number of individuals aged 5 through 17 in the geographic area served by the agency, as determined by the Secretary on the basis of the most recent satisfactory data, bears to the number of those individuals in the geographic areas served by all eligible local educational agencies in the State, as so determined; and

(B) an amount that bears the same relationship to 80 percent of the funds for such fiscal year as the number of individuals aged 5 through 17 from families with incomes below the poverty line in the geographic area served by the agency, as determined by the Secretary on the basis of the most recent satisfactory data, bears to the number of those individuals in the geographic areas served by all the eligible local educational agencies in the State, as so determined.

P-2. How does an LEA determine the amount required for Title II, Part A equitable services to private school teachers and other educational personnel now that this amount must be determined based on the LEA's total Title II, Part A allocation?

The amount an LEA must reserve to provide equitable services for private school teachers and other educational personnel for Title II, Part A services is based on the LEA's total Title II, Part A allocation, less administrative costs. The LEA determines the amount of funds available for Title II, Part A equitable services for private school teachers and other educational personnel by calculating, on a per-pupil basis, the amount available for all public and private school students enrolled in participating private elementary and secondary schools in areas served by the LEA (regardless of a student's residency), ersonnel to be served.

EXAMPLE OF FORMULA TO DETERMINE AMOUNT FOR TITLE II, PART A EQUITABLE EXPENDITURES	
A. Number of Students	
A1: LEA Enrollment	900
A2: Participating Private Schools Enrollment	100
A3: Total Enrollment = A1 + A2	1,000
B. Title II, Part A Allocation	
B1: Total LEA Allocation	$1,000,000
B2: Administrative Costs (for public and private school programs)	$50,000
B3: LEA Allocation Minus Admin Costs = B1-B2	$950,000
C. Per Pupil Rate	
C1: B3 divided by A3	$950
D. Equitable Services	
Amount LEA must reserve for equitable services for private school teachers and other educational personnel = A2 x C1	$95,000

Calculating Proportionate Share for Equitable Services under Title III, Part A

Section 8501(a)(4) of the ESEA, as amended by the ESSA, requires that expenditures for educational services and other benefits for eligible private school children, their teachers, and other educational personnel serving those children, under Title III, Part A, be equal to expenditures for the public school program, taking into account the number and educational needs of the children to be served.

Georgia determines the amount required for Title III, Part A equitable services to participating private schools based on the relative enrollment of private and public school English learner (EL) students, on the assumption that these numbers also accurately reflect the relative needs of EL students and teachers in the public and private schools. It is permissible for LEAs to use additional factors relating to need, and not base equal expenditures only on the relative enrollments. LEAs electing to use additional factors should do so through consultation with the private schools participating in the grant and inform the GaDOE of upward revisions to amounts, if applicable.

Example of formula to determine amount for Title III, Part A equitable expenditures	
A. Number of English Learner (EL) Students	
A1: LEA EL Enrollment	100
A2: Participating Private School EL Enrollment	10
A3: Total EL Enrollment = A1 + A2	110
B. Title III, Part A Allocation	
B1: Total LEA Allocation	$15,000
B2: 2% Administrative Costs (for public and private school programs)	$300
B3: LEA Allocation minus Admin Costs = B1 – B2	$14,700
C. Per Pupil Rate	
C1: B3 divided by A3	$133.64
D. Equitable Services	
Amount LEA must reserve for equitable services for private school children, their teachers, and other educational personnel = A2 x C1	$1,336

Georgia Department of Education

District	LEA EL Enrollment	Participating Private School EL Enrollment	Total EL Enrollment	Total LEA Allocation	2% Administrative Costs	LEA Allocation minus Admin Costs	Per Pupil Rate	Equitable Services	Equitable Services - rounded

Calculating Proportionate Share for Equitable Services under Title IV, Part A

Section 8501(a)(4) of the ESEA, as amended by the ESSA, requires that expenditures for educational services and other benefits for eligible private school children, their teachers, and other educational personnel serving those children, under Title IV, Part A, be equal to expenditures for the public school program, taking into account the number and educational needs of the children to be served.

Georgia determines the amount required for Title IV, Part A equitable services to participating private schools based on the relative enrollment of private and public school students, on the assumption that these numbers also accurately reflect the relative needs of students and teachers in the public and private schools. It is permissible for LEAs to use additional factors relating to need, and not base equal expenditures only on the relative enrollments. LEAs electing to use additional factors should do so through consultation with the private schools participating in the grant and inform the GaDOE of upward revisions to amounts, if applicable.

Example of formula to determine amount for Title IV, Part A equitable expenditures	
A. Number of Students	
A1: LEA Enrollment	900
A2: Participating Private School Enrollment	100
A3: Total Enrollment = A1 + A2	1,000
B. Title IV, Part A Allocation	
B1: Total LEA Allocation	$10,000
B2: 2% Administrative Costs (for public and private school programs)	$200
B3: LEA Allocation minus Admin Costs = B1 – B2	$9,800
C. Per Pupil Rate	
C1: B3 divided by A3	$9.80
D. Equitable Services	
Amount LEA must reserve for equitable services for private school children, their teachers, and other educational personnel = A2 x C1	$980

Every Student Succeeds Act

Title IV, Part B (21st Century Community Learning Centers)

Discretionary Grant

Georgia Department of Education

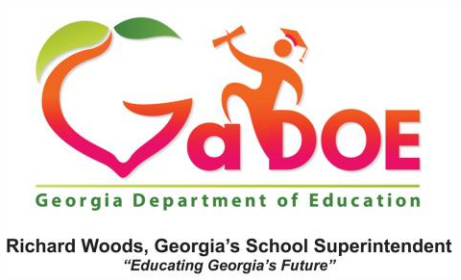
Richard Woods, Georgia's School Superintendent

"Educating Georgia's Future"

The 21st CLC program is authorized under Title IV, Part B of the Elementary and Secondary Education Act as amended by Every Student Succeeds Act (ESSA). The Georgia Department of Education awards 21st CCLC funding through a competitive grant application process that is made available by a Request for Proposal (RFP). Any public or private organization is eligible to apply for a 21st CCLC sub-grant. Applicants may request funds ranging from $50,000 to $350,000 per year based on need and proposed services to the target population. Subgrantees must conduct timely and meaningful consultation with private and non-public school officials during the design and development of the 21st CCLC program on issues such as how the children's needs will be identified and what services will be offered. All applicants are required to submit a Private School Consultation form affirming the private schools that were consulted with during the development of the grant application and program.

When determining the amount to be requested, applicants are required to consider the needs of the community and the number of students to be served. Based upon the identified needs of the community to be served, applicants are required to complete a Funding Request Worksheet, which calculates the amount of funding requested according to the number of students being served, the number of hours per week that the program will operate and the number of weeks per year of program operations. See below for a sample worksheet. A public school or other public or private entity that is awarded a 21st CCLC subgrant must provide equitable services to eligible private, non-public school students and their families. Equitable participation of non-public and private school students applies to non-public and private schools that reside within the attendance area of the targeted school identified by the eligible organization submitting a grant application.

The GaDOE awards subgrants only to applicants primarily serving students who attend schools with a high concentration of low-income students and families. For the purpose of the application, a high concentration of low-income students and families is defined as a poverty percentage (i.e., the percentage of students eligible for free or reduced price meals) of 40% or greater as determined by school enrollment or the participating attendance area. As part of the application, applicants are required to identify a specific student population of the targeted school(s) that will be served based on the assessed needs of the school and community. As such, potential eligibility may be determined by the design of the approved grant program as well as the target student criteria identified in the grant application.



Funding Request Worksheet (21st CCLC FY18 RFP)

Program Name:	
Site Name:	

	Number of **students without disabilities** that will receive 21st CCLC services **PER DAY** in the indicated components	Number of **students with disabilities** that will receive 21st CCLC services **PER DAY** in the indicated components	Average number of HOURS per **WEEK** the program will operate the indicated component	Number of WEEKS per **YEAR** the program will provide 21st CCLC services to its students and/or parents	Funding amount per student without a disability, per hour of weekly operation	Funding amount per student with a disability, per hour of weekly operation	Amount allowed per component (maximum)
After School					$5.05	$6.30	$0.00
Before School					$3.55	$4.05	$0.00
Non-School Days (Weekend, Holidays)					$5.05	$6.30	$0.00
Summer Break					$5.05	$6.30	$0.00
						Calculated Total:	**$0.00**
