Federal Requirements

- The CARES: ESSER (SEA Reservation for Supplemental GAVS Access) is a second opportunity for Georgia private schools to participate in equitable services.
- **Eligibility:** The offer to participate should be extended to all private schools currently participating in the CARES Act in the district.
- **Consultation:** LEAs should make a good faith effort to reach private school contacts through multiple methods. Contact must be documented on the CARES Act ESSER Consultation Attempt Form (emailed to designated LEA staff). Submit the form to ombudsman@doe.k12.ga.us by July 24, 2020.
- **Private School Intent to Participate:** Interested private schools must respond to the school district with interest and the information required for registration by August 7, 2020. *(This deadline is contingent on LEA communication with private schools occurring prior to July 24, 2020.)* Private school spots should be allocated to private schools on a first come, first served basis.
- **Unclaimed Segments:** After August 7, 2020 all remaining segments not claimed by private schools may be used by local school districts.

How did we identify districts

- Selection criteria: Rural Districts and < 5000 FTE.
- Your allocation of segments is based on the percentage of your district’s FTE of total available FTE of all districts.
- Each district will receive a minimum number of 12 segments.
- Federal programs identified the number of segments to allocate to participating private schools.
GaVS Information

- Supplemental program of the Georgia Department of Education.
- 15 years providing virtual learning opportunities for GA students.
- Serve grades 6 – 12 and offer a free credit recovery program.
- Traditional tuition cost is $250. The district keeps FTE earned by students.

Questions

• Can I register more students than my allocated segments?
• What if I already have students registered?
