Robyn you do such a great job with this. I had a few other notes that we need to make sure we address for the next meeting. (like to invite Carly to the spring meeting and get info from Meg about combining letter into one)

ESSA Report Card requirement - LEA has to have on district website, DO NOT have to be on the school websites - but it is best practice.

Group wanted to make sure that the Spring agenda addresses the inexperience teachers being reported on report cards - invite Carly

Title III - Input from the group was to see if OCR required letter to notify parents that child is in ESOL and the Title I letter of supplemental language notification Could these be combined into one letter?

Private school consultation - Reminder that if private schools did not attend the large consultation supported by DOE it is still the responsibility of the District to meet with the private schools.

Thanks
Lynn
