We have conducted the After school program and summer WSCC has partnered with the NEGRC to provide the in‐school programs for more than 8 years. It provided additional training (workforce training) and technical assistance to teens and placed them in paid positions for summer. GUIDE has been leading high‐quality professional development trainings and workshops and providing technical assistance to out‐of‐school time programs for more than 30 years. We provide positive youth development training and specialized trainings and workshops encompassing all areas of positive youth development and substance abuse prevention. These areas include: youth leadership training; professional development for adults working with youth; development and evaluation of youth‐driven programming and youth voice & choice. VOX's main area of expertise is youth‐driven programming. The organization's main areas of expertise are based in fostering safe spaces for teens to grow through hands‐on learning, to express themselves authentically and to build skill, knowledge and community through the tools of media creation and publishing. GSAN offers training and TA aligned to the Georgia ASYD Quality Standards to afterschool and youth development programs. GSAN offers training on specialized topics and TA and coaching include comprehensive program operations and improvement. GSAN works with many of Georgia’s best trainers and coaches. The Boys & Girls Clubs of Lanier is experienced in out‐of‐school programming and has provided services in Hall County for 64 years. The organization's main area of expertise is youth‐driven programming.
