In 2010, the Georgia State Board of Education endorsed the National PTA Standards for Family-School Partnerships as Georgia’s Family Engagement Standards. This section provides a crosswalk of the National PTA Standards for Family-School Partnerships and Section 1116(e) of the Every Student Succeeds Act, Title I, Part A. Also included in this section is a graphic of the Dual Capacity-Building Framework for Family-School Partnerships which the U.S. Department of Education published in 2013. The Dual-Capacity Building Framework is a “compass” to assist schools and families in charting “a path toward effective family engagement efforts that are linked to student achievement and school improvement.” For resources related to building parent and school staff capacity, visit the Department’s Family-School Partnership Program website at http://partnerships.gadoe.org and the Federal Program’s Georgia’s Systems of Continuous Improvement website at http://www.gadoe.org/School-Improvement/Federal-Programs/Pages/default.aspx.

BUILDING CAPACITY FOR INVOLVEMENT

Title I, Part A, Section 1116(e) of the Every Student Succeeds Act describes the six “shall” stated in the law under Building Capacity for Involvement. The law provides eight additional “may” (that are not required, but are allowable) to ensure meaningful capacity building of parents, family members, and school staff. To ensure effective involvement of parents and to support a partnership among the school involved, parents, and the community to improve student academic achievement, each school and local educational agency assisted under this part—

1. **SHALL provide assistance** to parents of children served by the school or local educational agency, as appropriate, in understanding such topics as the challenging State academic standards, state and local academic assessments, the requirements of this part, and how to monitor a child's progress and work with educators to improve the achievement of their children;

2. **SHALL provide materials and training** to help parents to work with their children to improve their children's achievement, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parental involvement;

3. **SHALL educate** teachers, specialized instructional support personnel, principals, and other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school;

4. **SHALL, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities** with other Federal, State, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children;

5. **SHALL ensure that information** related to school and parent programs, meetings, and other activities is **sent** to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand;

14. **SHALL provide** such other reasonable support for parental involvement activities under this section as parents may request.

The National PTA Standards for Family-School Partnerships, which the State Board of Education endorsed in 2010 as Georgia’s Family Engagement Standards, provides an effective framework for carrying out the six SHALLS, the eight MAYS under the law, and a school or district’s Title I parent and family engagement policy/program. Therefore, the “shall” are the activities to implement and the Family Engagement Standards are the framework to help ensure effective parent and family engagement policy and plans.

The National PTA Standards for Family-School Partnerships provide strategies for Title I schools to build parent capacity as required by the Every Student Succeeds Act (ESSA). The Crosswalk for Parent and Family Engagement tool puts this work in a context that is easy to understand and family-friendly language in order to assist schools, parents, and communities in understanding the law by aligning the PTA Standards with the six “shall” and eight “may” stated in the law.
