Georgia Home Classroom

The Curriculum and Instruction division at the Georgia Department of Education teamed up with Georgia Public Broadcasting to develop Georgia Home Classroom. This partnership worked quickly to align the Georgia Standards of Excellence to existing GPB digital and broadcast resources. While students are learning from home during a global pandemic, the Georgia Home Classroom is a trusted set of resources accessible to all. Justin Hill, GaDOE Director of Curriculum and Instruction, Laura Evans, GPB Director of Education, and Meghan Welch, GaDOE Program Specialist, discuss how the project came about and where teachers, parents, and students can access the resources.

Getting Ready for K-3 Guides

As part of [Georgia Home Classroom](#), the Georgia Department of Education (GaDOE) has identified key skills for children getting ready for kindergarten through third grade. These skills will help families understand what children have already learned and can expect to learn when they get back to school.

The guides are available in English and Spanish to view and download below.

For activities ideas to practice the skills, go to gpb.org/learn.

Want to prepare for the next school year?
Keep the learning going over the summer. Below are suggestions of skills families might explore together during the school break.

Physical Health and Wellness

With parent/caregiver support...

- Begins to correctly judge basic emotions in others and the cause of emotions (she's mad because someone took her book)
- Uses positive self-talk to help regulate emotions
- Plays well with others
- Waits patiently for a turn
- Sticks with a task even if it is hard or takes a long time
- Has skills to move through space with confidence; is working on throwing, catching, dribbling with hands and feet, volleying, striking, jumping rope
- Uses movements in games and activities; changes speed, height, direction, and type of movement (skips, slides, etc.)
- Participates in safe and vigorous physical activity daily and understands that moving quickly increases heart rate and breathing
- Follows directions alone and in a group; respects self and others during physical activity

English Language Arts

With parent/caregiver support...

- Reads common words (the, of, to) by sight and understands easy texts
- Practices phonics (letter sounds, letter blends like st, parts of words, words)
- Describes how pictures and text work together in books
- Uses different resources (books, magazines, the Internet) to get information and write about a topic
- Talks about new words and meanings; plays with words – words that mean the same thing; words that mean the opposite
- Uses words and phrases learned through conversations and books (read alone and read-to); responds to texts (read alone and read-to)
- Asks and answers questions about details texts (books, magazines, online)
- Speaks clearly; talks about thoughts and feelings
- Understands how print works; knows upper

(Including Spanish Translations)

GET GEORGIA READING AT HOME

GETTING READY FOR KINDERGARTEN

SCIENCE

Below are many examples of simple, fun activities that you can do with your child at home and in your community that can help them begin building skills for kindergarten. No special resources are required!

SKILL (With a Grown-Up's Help)	AT HOME ACTIVITIES
Child asks questions while using senses to explore the world.	<ul style="list-style-type: none">• Look at light and shadows around you together.• Smell different spices as you cook a family recipe together.• Listen to the sounds around you and figure out what they are.

K-12 Remote Learning Plans

Content experts at the Georgia Department of Education have developed **Remote Learning Plans** for teachers and parents. These Georgia Standards of Excellence-based plans were specifically designed for use during these uncertain times as support for school districts, administrators, teachers, and parents who are working tirelessly to provide students with quality content.

The plans are easy-to-use and include both “plugged and unplugged” activities. Check back for more **Remote Learning Plans** in each content area as they are updated weekly.

Kindergarten

Big idea/topic: The student will represent, relate, compare and perform operations with whole numbers, initially with sets of objects. [Click to download.](#)

1st Grade

Big idea/topic: The student will develop an understanding of whole number relationships and place value, including grouping in tens and ones and comparing 2 two-digit numbers, based on meaning of the tens and ones digits. The student will organize, represent and interpret data up to 3 categories. [Click to download.](#)

1st GRADE

[GRADE LEVEL OVERVIEW](#)

Big Idea/ Topic

- Develop an understanding of whole number relationships and place value, including grouping in tens and ones and comparing 2 two-digit numbers, based on meaning of the tens and ones digits
- Organize, represent and interpret data up to 3 categories

Standard Alignment

Extend the counting sequence.

MGSE1.NBT.1 Count to 120, starting at any number less than 120. In this range, read and write numerals and represent a number of objects with a written numeral.

Represent and interpret data.

MGSE1.MD.4 Organize, represent, and interpret data with up to three categories; ask and answer questions about the total number of data points, how many in each category, and how many more or less are in one category than in another.
