Advancing School Leadership for Continuous Improvement

Assessment and Accountability for Alternative Schools

Winter Instructional Leadership Conference
February 25-26, 2020

Sandy Greene
Paula Swartzberg
Session Norms

• Place electronics on silent/vibrate.
• Remain engaged in learning.
• Respectfully share opinions.
• Ask questions for clarification to avoid making assumptions.
Session Goals

This session will examine the unique issues that might arise in alternative settings around assessment and accountability. Time will be allowed for questions and discussion.
Agenda

• Assessment Overview
• Use of Assessments in Accountability
• Accountability Issues in Alternative Schools
• Two Ways to Check CCRPI Data
• Data Quality Reminders

160-3-1-.07 Testing Programs – Student Assessment

• Each local system shall assess all students using SBOE-designated assessment instruments, as required.

• An IEP team, under limited circumstances and in accordance with GaDOE and federal guidelines, may consider the SBOE-approved alternate assessment for a small number of students with significant cognitive disabilities (approx. 1%) who receive special education services and are unable to participate in the general assessment.

• All EL students must participate annually in the state-adopted English proficiency assessment.

Georgia Milestones is administered online.

- Local testing calendars may encompass the entire state testing window
- Order of administration is set locally
- Each grade level or course can be scheduled independent of other grades or courses
- Local calendars can be scheduled around spring break; however, if a grade-level or course content test starts before spring break, it must be completed before spring break

EOG or EOC Content Assessments

- Content assessments must be scheduled on the same dates and times
- Applies to the summer retest administrations
- Section 1 of ELA must be administered on a separate day from (and prior to) the two following sections of ELA (make-ups excluded) (may not be scheduled on a Friday)

Section Completion

- Districts may elect a one-day or a multiple-day administration.
- All sections must be completed on the same day or on consecutive days during the same week.
- Section sessions may not cross-over a weekend
- At no time, should some students in the same grade complete a test one week and another group of students in the same grade complete the same test the following week.
Completion of Course

- Students who complete a course at the end of one semester will be tested at the completion of the course.
- Students following a traditionally scheduled (36-week) course will be tested at the end of the second semester of the course.
- Students enrolled in credit recovery or “make-up” courses that will award credit for an EOC-associated course that the student previously failed will be tested at the completion of the course.
- Students who fail to earn high school credit for exempted AP/IB courses are not eligible for the exemption and must take the EOC at the time they re-enroll in the EOC course.
• Non-standard Enrollments
  • Middle school students who are enrolled in an EOC course will be tested-regardless of whether or not they are awarded high school credit for the course.
  • Students enrolled in alternative schools and GNETS locations must take the EOC for any EOC course in which they are enrolled.
  • Students enrolled in a Georgia public school while also enrolled in a private school, home study program, or non-traditional educational center for which they receive graduation credit for any EOC course must take the EOC.
  • Students enrolling from non-accredited programs, non-accredited schools, or non-traditional educational entities must earn a grade conversion score of 70 on the EOC to receive credit from the public school for any EOC course.

AP/IB FAQs

• Which EOCs are required regardless of AP/IB course enrollment?
  • Ninth Grade Literature and Composition
  • Algebra I or Coordinate Algebra
  • Biology

• Are there any other core courses for which EOCs are still required?
  • Geometry or Analytic Geometry
  • Physical Science

• Can students take the EOC if they are exempt?
  • No. Students who exempt the EOC by taking and passing a related AP or IB core subject course shall not take the EOC.

• If a student fails the AP/IB course, when will he or she take the EOC?
  • The student will take the EOC when the student takes the EOC course for core credit. Students who fail to earn high school credit for exempted AP/IB courses are not eligible for the exemption and must take the EOC at the completion of the EOC course to earn the core credit.
Questions/Issues
Use of Assessments in Accountability
The College and Career Ready Performance Index or CCRPI is a comprehensive school improvement, accountability, and communication platform for all educational stakeholders that will promote college and career readiness for all Georgia public school students.

- English language arts achievement
- Mathematics achievement
- Science achievement
- Social studies achievement

- English Language Arts growth
- Mathematics growth
- Progress toward English language proficiency (EL students)

- Meeting achievement improvement targets

- Elementary: Literacy, student attendance, beyond the core
- Middle: Literacy, student attendance, beyond the core
- High: Literacy, student attendance, accelerated enrollment, pathway completion, college and career readiness

High School Only
- 4-year adjusted cohort graduation rate
- 5-year adjusted cohort graduation rate

Assessment Data

- Georgia Milestones
  - EOG
  - EOC
- GAA 2.0
- ACCESS for ELLs
- Alternate ACCESS for ELLs
Full Academic Year (FAY)

• A student must be enrolled 65% of the course (EOC courses) or 65% of the school year (grades 3-8) to have the assessment score used in CCRPI calculations.

• A student is expected to take an assessment if the student receives a grade for an EOC course or if the student is enrolled during the assessment window (grades 3-8) even if the student is not FAY.
Marking Periods

• Marking periods submitted by the district are used to determine FAY.

• Student enrollment dates and withdrawal dates are used in conjunction with grading periods to determine FAY.

• Ensure that all marking periods used at the school are reported to Data Collections.
Participation on Assessments

• If the participation rate for all students or a subgroup of students falls below 95%, the achievement score for that group of students is multiplied by the actual participation rate divided by 95%.

• This ensures the adjustment is proportional to the extent to which the 95% participation rate was not attained.

• The adjusted achievement score is utilized in CCRPI calculations.

95% Assessment Participation Requirement

If the participation rate for all students or a subgroup of students falls below 95%:

\[
\text{Achievement Score} \times \frac{\text{Participation Rate}}{95\%} = \text{Adjusted Achievement Score}
\]
Assessment Matching

• Students tested using a school code different from the FTE-reported school code must be manually matched in the Assessment Matching application.

• If a student is not correctly matched to an assessment in the Assessment Matching application, the student will count as a non-participant in CCRPI.
Course Completion

- Any student completing an EOC course must have the associated EOC assessment at the same school. Assessments at one school do not match to courses at a different school, even if the schools are in the same district.
- Failure to assess a student at the school that awards a final grade will result in the student being a non-participant on the EOC.
Questions/Issues
Two Ways to Check CCRPI Data

• Both the **Live Portal Data tool** and **Student Record Reports** inform districts and schools about the accuracy of data used in CCRPI reporting.

• Live Portal Data tool provides schools and districts information about student data that will be used in CCRPI reporting. This information cannot be updated after the close of Student Record and Student Class.

• The Live Portal Data tool also provides actual rates for CCRPI indicators!

• Student Record CCRPI Related Reports reflect the data collected in SR that are used in CCRPI.
Live Portal Data Tool

- Available in May to those with CCRPI portal rights
- Select Student Record (SR) data available first
- Select Student Class (SC) data available later
- Tool is “read only”
- Errors in data discovered should be corrected in SR or SC
- Updates to SR and SC show in the tool within 48 hours

Data Quality Reminders

- Enter attendance correctly (days present and days absent).
- Mark students as ED appropriately.
- Mark appropriate students in all grades (K-12) as GAA.
- Use the correct date first entered ninth grade.
- Use accurate withdrawal codes.
- Collect proper documentation for withdrawals.
- Remember that G is the only diploma type recognized for graduation rate.
- Ensure that marking periods are entered correctly in FTE Survey.
Data Quality Reminders

- Enroll students in courses with correct course codes.
  - EOC-required courses
    - Algebra vs Coordinate Algebra and Geometry vs Analytic Geometry
    - Middle school EOC courses
  - Beyond the Core courses with grades
  - Dual Enrollment, AP, and IB courses (particularly those that are exempt from the associated EOC)
  - Work-based Learning courses
  - Credit in Lieu of Enrollment course codes
Data Quality Reminders

• Review data carefully!
• If issues arise, call your district accountability Point of Contact or the accountability specialist at the GaDOE immediately and before windows close.
• Participate in webinars and other training opportunities related to data collection and reporting.
• Read all documentation and ask questions as needed.
• Adhere to local deadlines for data reporting and verification.
• Remember
  o Data are consumed immediately after applications close.
  o There are no data correction windows for CCRPI.
