## Program Guidance

### Program Description

The Georgia Department of Education (GaDOE) is committed to supporting Local Education Agencies (LEA) in developing and retaining teachers to meet the needs of students. GaDOE has allocated American Recovery and Protection Act (ARP) funds to increase the number of professionally qualified teachers, support school improvement, enhance student growth and impact teacher retention. The Georgia Teacher Academy for Preparation and Pedagogy (GaTAPP) Grant is a GaDOE-administered, non-renewable, and non-transferrable grant administered under the Teacher and Leader Support and Development Division.

This grant will provide financial support to Georgia Public School teachers enrolled in the Georgia Professional Standards Commission (GaPSC) approved programs. Providers may use funds for full/partial GaTAPP tuition, certification expenses, books and/or exam fees.

This grant award extends over a three-year period for implementation from April 4, 2022 to September 30, 2024. Providers will receive one hundred percent of grant award during Year 1 of implementation. Funds may be used and distributed until the end of Year 3 as determined by the timeline.

### Provider Eligibility

Providers eligible to receive and utilize funds for enrolled teachers must be approved by the Georgia Professional Standards Commission (GaPSC). They must meet the requirements and standards for Educator Preparation Providers and Education Preparation Programs (EPP) according to rule 505-3-.01 specific to Georgia Teacher Academy for Preparation and Pedagogy per 505-3-.05 for non-traditional preparation program for preparing career changers for certification as B/P-12 teachers.

### Program Eligibility

GaTAPP programs eligible to receive grant funds are based on Regional Education Service Agency (RESA) and LEA top four priority certification needs based on infield data, retention data, and/or student growth data. For more specific information, see the rubric section.

### Participant Requirements

Recipients must hold a valid, professional Georgia teaching, service, or leadership certificate; exceptions as identified in 505-2-.12. Recipients must be employed by a Georgia public LEA. Program providers are responsible for verifying applicant eligibility to receive grant awards. The level of funding and effective dates of the projects will be included in the notification of the grant award letter.

### **Accountability and Monitoring the Use of Federal Funds**

The GaDOE is responsible for establishing and monitoring the FY22 GaTAPP grant proposals and scoring process, distribution of funds to awardees, approving plan implementation, monitoring progress towards meeting goals/objectives/intended outcomes, data collection/results, and fiscal responsibilities. This grant award is made subject to the provisions of all applicable federal and state laws and regulations and is contingent on federal funding.

Each applicant receiving funding through this RFP must:

Furthermore, because the grant plan is approved by the SBOE, be aware that amending the budget and/or implementation plan will be limited.

### **Authorized Use of Funds**

This includes but not limited to best practices for internal controls, operating controls, and accounting controls.

### **Reporting Requirements**

## **Scoring and Funding Recommendations**

### **Scoring**

During the review process, each proposal will be reviewed and scored by GaDOE approved and trained reviewer. The reviewer will individually assign and record points (1-100) using the scoring rubric. Reviewers may ask grant organizers clarifying questions regarding allowability; however, grant organizers may not speculate or offer opinions regarding the proposal's intention.

In the likely event that the number of proposals receiving a qualifying score exceeds the number of available funds, only the highest, rank-ordered proposals will be recommended for funding. GaDOE will communicate with the contact person for any proposal that was scored via email after the SBOE has rendered a decision and/or approved grants.

Questions regarding the award process or scoring may go to the Project Manager or the Deputy Superintendent. Any appeals of the State Board approved grantee list must go to the State Board of Education.

### **Rubric: Scoring Components**

All proposals will be scored using a rubric that assigns points based on the merit of the program/activity described. Each section is assigned a maximum allowable number of points. Reviewers will tally all earned points to render a raw score.
