

# Teacher Leader Support and Development

presents

## *Teacher Observation Expert Training*

### **Teacher Observation Expert Session Overview**

This training is designed especially for teachers to deepen their understanding and perception of the Teacher Assessment on Performance Standards (TAPS) process. The three primary purposes of this training are to:

- Enhance TAPS evaluator effectiveness and increase teacher understanding
- Promote quality teaching and effective student learning
- Support and optimize the continuous growth of teachers through meaningful feedback

At the end of the training, each participant's rating scores will be analyzed to determine inter-rater reliability among the group and a badge of competency will be awarded.
