

Federal Requirements - ESSA

ESSA requires SEAs and LEAs to ensure that teachers meet state certification requirements.

ESSA Sections 1111(g)(2)(J), 1112(c)(6)

Traditional LEAs

Georgia law authorizes GaPSC to establish certification requirements.

All LEAs

SPECIAL EDUCATION TEACHERS
Special Education teachers must hold special education certification aligned with teaching assignment (general, adapted, visual impairment, etc.).

SPECIAL EDUCATION TEACHERS ISSUING GRADES IN CONTENT AREA COURSES

If the teacher issues grades, the teacher must hold content certification in the corresponding content areas and grade level bands in alignment with LEA PQ.

Charter & Strategic Waiver LEAs

Georgia law allows charter and strategic waiver systems to waive some provisions of Title 20, including certification; however, LEAs may not waive service certification for Special Education teachers. ALL teachers MUST have a clearance certificate.

O.C.G.A. §§ 20-2-80, 20-2-200, 20-2-211.1, 20-2-984, 20-2-2065, GaPSC Rules, SBOE Rules

LEAs must follow GaPSC certification requirements, State Board of Education rules, and program-specific delivery model requirements.

O.C.G.A. §§ 20-2-200, 20-2-984, SBOE Rules

Georgia LEAs who waive certification must establish professional qualification requirements for teachers because they must notify parents if teachers do not meet professional qualifications.

When establishing professional qualifications, the LEA must determine for which teachers' certification will be waived. The LEA must specify content / service areas and grade level bands.

Paraprofessionals must hold state certification and a clearance certificate.

ESSA Sec.1111(g)(2)(M); O.C.G.A. §20-2-211.1, GaPSC Rules

Professional Qualifications v. ESSA In-Field

Federal law requires states and LEAs to ensure ALL teachers meet state certification requirements. In Georgia, state law allows LEAs to waive certification. Accordingly, LEAs must establish the professional qualification requirements for ALL LEA teachers, which is monitored for compliance.

In addition, federal law requires states to publicly report the number of teachers who are not teaching in the subject or field for which the teacher is certified. GaDOE will use GaPSC In-Field rules to determine ESSA In-Field qualifications. For LEAs that waive content area certification, teachers may demonstrate equivalent In-Field qualifications by degree, coursework, or content area test. 'Out-of-Field' will be reported for the entirety of the school year using Certification Records and 2 CPI and 3 Student Class data collections cycles.

Federal Requirement – 20 Day Notification

In Georgia, in accordance with the Every Student Succeeds Act of 2015, all LEA schools are required to provide timely notice to parents when students have been assigned or taught four or more consecutive weeks by a teacher who does not meet applicable state certification or licensure requirements at the grade level and subject area in which the teacher has been assigned. *ESSA Sec. 1112(e)(1)(B)(iii)*

Traditional LEAs

LEAs must send 20 day notification of professional qualifications for teachers who do not meet the GaPSC certification 'ESSA In-Field' requirements.

Teacher meets State and/or LEA Professional Qualification Requirements and is 'ESSA In-Field'
20 day notification of professional qualifications is NOT required.

Teacher meets State and/or LEA Professional Qualification Requirements, but is NOT 'ESSA In-Field'
20 day notification of professional qualifications is NOT required.

Charter & Strategic Waiver Systems

LEAs must use charter/strategic waiver plans to establish minimum professional qualification requirements. Notifications must be sent for any teachers who do not meet applicable State and/or LEA professional qualifications.

Teacher Does NOT Meet State and/or LEA Professional Qualification Requirements
20 day notification of professional qualifications is required.
