Carol Seay EdD., Part B Data Manager
Priorities for 2018-2019

• IEP Development and Implementation

• Eligibility Determination Process

• Parent Procedural Safeguards
What is Student Record?

The Student Record collects data on the instructional services provided to students by the local school system throughout the regular school year.

The Student Record data collection is the single largest data collection process conducted by GADOE.
Student Record Signoff Deadline

• The official STATE deadline is:
  June 18, 2019

  ◦ School districts will be notified of any extensions to the official deadline via portal email from customer support.

  ◦ Extensions granted to individual districts are not considered extensions to the official deadline
Reporting Student Record Events (Special Education)

• Student Record (SR) requires that you report dates of special education events for each child reflecting the referral to special education/eligibility process and subsequent special education service.

• The process is sequential

• SR events/dates are sequential

*Understanding the special education process (and rules, requirements) will help you understand the Student Record reporting process*

- Student and enrollment data are required so the school responsible for reporting this data may be correctly identified.

**Primary Area in Student Record indicates that the student is a Student with a Disability**
When do you report a Primary Area?

A student is a SWD when services are initiated:

• Do not report a Primary Area until the date of Event ‘06’ when services begin

• For reporting purposes a student is not an SWD when he/she is made eligible, but when services are initiated
Example

A student was:

• referred in March,
• the evaluation was completed in a timely manner in mid-May,
• the IEP team met and the LEA offered FAPE, parent gave consent
• services will begin in August when school resumes.

• Is a Primary Area reported for this student in Student Record in the SY he was evaluated and made eligible? **No**

Students Exiting Special Education
Students No Longer Eligible for Special Education

• ‘09’: EXIT EVENT code when a student is no longer eligible for special education services and reflects the last date of service and the same date as the ‘08’

• If a student with a disability withdraws and also reports a Special Education EXIT EVENT ‘09’, the withdrawal date must be after the event date reported for EXIT EVENT ‘09’

Remember: students must be evaluated prior to be determined in-eligible. “Evaluated in...evaluated out”
Revocation of Consent for Special Education

• ‘10’: EXIT EVENT Code when parent revokes consent for special education services; reflects the last date of services

• If a Student with a Disability withdraws and also reports a Special Education Exit event ‘10’, the withdrawal date must be after the event date reported for EXIT EVENT ‘10’.
EVENT CODE ‘12’

• ’12’: Parent refused to provide consent for initial placement
  • Consent for evaluation received (report ’02’)
  • Initial Evaluation completed (report ‘03’)
  • Student initially made eligible (report ‘04’)
  • Student has an Initial IEP (report ‘05’)
  • Student does not receive services (do not report ‘06’)

• Report: ’02’, ‘03’, ‘04’, ’05’, ‘12’

If the parents change their mind (soon after refusal):
• Convene a new Initial IEP
• Report another ‘05’ and then an ‘06’ when services are initiated

Student’s Special Education History if parent grants consent after a refusal:
Provision of Prior Written Notice

• Provision of Prior Written Notice (PWN):
  • required before services can be discontinued
  • must occur in a timely manner.

• Information for the parent of changes and services that will be eliminated. (these services may include; special transportation, other related services, service and benefits from other public and private programs, testing accommodations, provision of assistive technology, considerations for high school students of the impact on graduation requirements or diploma options.)
PWN related to Revocation of Consent

- An explanation of why the action is occurring
- A description of each piece or source of data, evaluations, records, assessment and/or reports supporting recommendations for the student to continue to receive or withdraw from services
- A statement that the parent will be giving up the procedural safeguards available under IDEA and a list of sources for parents to contact for information about IDEA Part B
- A description of other factors relevant to the situation. In addition, the PWN must be in the description of other options that were considered for student and why those options were rejected by the IEP team
- Must be in understandable language and in the native language of the parent
- Provision of procedural safeguards
Revocation of Consent for Evaluation

Scenario: Parent provides consent for evaluation and revokes the consent prior to completion of the evaluation

- The law is silent on revocation of consent for evaluation

- GADOE guidance:
  - Honor the parent’s request to cease evaluation
  - Do not report the ‘02’ event for Student Record
  - Document that the consent had been obtained and was subsequently revoked
Parent/Student Present at Conference

• Student Present at IEP Meeting
  • ‘Y’ or ‘N’ for ‘05’ and ‘07’
  • Can be reported for all students
  • Required for 9\textsuperscript{th} - 12\textsuperscript{th} grade or 16 years or older

• Parent Present at IEP Meeting
  • ‘Y’ or ‘N’ for ‘05’ and ‘07’

- E872: Student reported with PRIMARY AREA and no exit event last school year, but student not reported with PRIMARY AREA this school year.
- Students listed in this report were reported as SWD in a previous LEA
  - Determine if student has exited special education, has an eligibility, IEP, received services in previous LEA

FTE Error E799

Look at FTE Error Report E799

• Special Education student reported in SR and did not exit program, but \textbf{REPORT TYPE} = ‘R’ in FTE

• Students reported with this error were reported as a SWD the previous year in SR
  • Determine if student has exited special education, has an eligibility, IEP, received services in previous LEA
GO-IEP

• IEP software product available to all GA districts
• Student Record upload available in GO-IEP
• Prior history pulls automatically into student file
• Edits in GO-IEP are consistent with SR requirements
Access to GUIDE:

• Organization Roles
  • Special Education Directors
  • Special Education Staff

• Application Roles
  • GUIDE – District Other Users

Look at these reports

• Claimed in Date – Includes Primary Area
• Special Education History
Scenario: Student transfers to your district and was reported exited in the previous district but didn’t really exit Special Education (has a current IEP and Eligibility)

Current district attempts to report an annual IEP review (EVENT CODE ‘07’) and finds that the student has been exited.

• You are certain that the student is an SWD
• You have verified that the student was reported as exited in error by the previous district
  • Continue to report the student with a Primary Area
  • Report EVENT CODE ‘07’, Annual Review
• You will get an error – request relief; relief will be granted with adequate explanation
Scenario: Student transfers to your district with overdue GA eligibility and IEP

Process: *Follow the Reevaluation Process*

- Convene a reevaluation meeting, review information and data*, determine whether the student remains eligible, or obtain consent to reevaluate if appropriate
  - Report EVENT CODE ‘08’ – Reevaluation, **only if student remains eligible**
- Convene an IEP meeting and develop an IEP
  - Report EVENT CODE ‘07’ – IEP Annual Review
- After evaluation, if evaluation was conducted, re-convene a reevaluation eligibility meeting; Report EVENT CODE ‘08’
  - You may also reconvene the IEP team for annual review – EVENT CODE ’07’ (or you may amend the IEP)

* Reevaluation Data review
Scenario: Student enrolls in your district with GA Special Education events, but has been in a private or home school not receiving service

**Process:** *Follow the Reevaluation Process*

- Convene a reevaluation meeting, review information and data*, determine whether the student remains eligible, or obtain consent to reevaluate if appropriate
  - Report EVENT CODE ‘08’ – Reevaluation, **only if student remains eligible**
- Convene an IEP meeting and develop an IEP
  - Report EVENT CODE ‘07’ – IEP Annual Review
- After evaluation, if evaluation was conducted, re-convene a reevaluation eligibility meeting; Report EVENT CODE ‘08’
  - Convene an IEP meeting to develop an IEP based on new information if necessary – EVENT CODE ’07’ (or you may amend the IEP)

*Reevaluation Data review*
Scenario: Student enrolls in your district with GA events, but has been in a private or home school not receiving service (cont.)

• If you reevaluated the student, convened an eligibility meeting and
  • The student is not eligible, report an ‘09’
Scenario: Student enrolls with overdue GA eligibility and IEP (not exited) and parent does not want services

Student’s SR history looks like this:

- ‘02’
- ‘03’
- ‘04’
- ‘05’
- ‘06’
- ‘07’ (over 1 year old)
- ‘08’ (over 3 years old)

Convene a meeting to discuss with the parent the implications of revocation of services; provide PWN

Parent must provide revocation in writing

- Report EVENT ‘10’
  - Parent Revocation of Services
Scenario: Student enrolls and parent informs LEA that the student is a SWD, no paperwork

Attempt to contact the previous district immediately
Look in SLDS for information regarding SWD status
Look at SR history for SWD status

This may be a case by case situation based on the information/history you discover

Contact the GADOE for guidance
Scenario: Student has never attended school or never received IDEA services

Example: student enrolls from another country with obvious disability; clear to school staff that the student cannot attend regular classes

Convene a 504 meeting:

- Use information available (from parent) to determine 504 eligibility and create a 504 plan
  - Provide appropriate services under the 504 plan
- Obtain Consent to Evaluate from parent (report ‘02’)
- Evaluate the child (report ‘03’) and determine IDEA eligibility (report ‘04’)
- Convene an IEP meeting (report ‘05’) and offer FAPE
- Initiate services (report (‘06’) if parent consents
Reporting Events for Students Enrolling from Outside Georgia

Never enrolled in Special Education in Georgia
New Guidance

A student’s eligibility does not expire

• The law requires that a SWD be reevaluated every 3 years
  • Read and understand the Reevaluation Process in Georgia’s Implementation Manual

• Implications: When a student moves in from out of state with an eligibility under IDEA, services must be provided
  • The LEA must determine if reevaluation is required based on many factors including the last date of evaluation/reevaluation
Scenario: Student Enrolls with Eligibility and Current IEP

- Your LEA accepts eligibility* and IEP
- Report:
  - EVENT CODE ‘04’ date from out of state – most recent eligibility date
    - This event will be rejected as it “occurred outside of enrollment in your district”
    - Recover the event into the student’s Special Education history in SR (Rejection/recovery)
  - EVENT CODE ‘05’ date from out of state – most recent IEP date
    - This event will be rejected as it “occurred outside of enrollment in your district”
    - Recover the event into the student’s Special Education history in SR (Rejection/recovery)
  - Report an EVENT CODE ‘06’ date on the day you initiate services in GA

* determine the date of the student’s most recent evaluation, consider reevaluation
Scenario: Student Enrolls with Eligibility and IEP Current

- Your LEA accepts the eligibility* but not the IEP
- Report
  - EVENT CODE ‘04’ from out of state
    - This event will be rejected as it “occurred outside of enrollment in your district”
    - Recover the event into the student’s Special Education history in SR (Rejection/recovery)
- Convene an IEP meeting
  - Report this meeting date as EVENT CODE ‘05’ – initial IEP
- Report EVENT CODE ‘06’ the date you initiate services in GA

* determine the date of the student’s most recent evaluation, consider reevaluation
Scenario: Student Enrolls with Overdue Eligibility and IEP

No Record of Student Exiting Special Education

- Do you have to serve the student? YES!
- Convene a reevaluation meeting, review data and information in the eligibility, obtain consent to evaluate if necessary: See the Reevaluation Process in Georgia’s Implementation Manual
  - REPORT ‘04’ (date of most recent eligibility from out of state)
    - This event will be rejected as it occurred outside of enrollment and in a prior SY.
    - Recover the event using the Rejection/Recovery Tool
  - Convene an IEP meeting immediately, develop and implement the IEP
    - Report EVENT CODE ‘05’ (initial IEP in Georgia)
    - Report EVENT CODE ‘06’ (first day of services in Georgia)
Scenario: Student Enrolls with Overdue Eligibility and IEP

- After the reevaluation, if requested, reconvene a reevaluation eligibility meeting
  - Report EVENT CODE ‘08’, Reevaluation (reevaluation process has been completed)
- Reconvene an IEP meeting if necessary, based on new information
  - Report EVENT CODE ‘07’, Annual Review IEP
  - If the Initial Georgia IEP is just amended after the reevaluation, do not report EVENT CODE ‘07’

Continued
Scenario: Student Enrolls with Overdue Eligibility and IEP

...if a parent refuses to provide consent to administer additional assessments as part of the reevaluation process,

- the LEA may decide to discontinue the provision of special education services and supports to the child,
- if the LEA believes based on a review of existing evaluation data, that the child does not continue to have a disability or does not continue to need special education and related services

- No Special Education SR Events will be reported for this student
- No Primary Area will be reported for this student
Scenario: Student enrolls and parent informs that the student is a SWD, no paperwork

Attempt to contact the previous district/state immediately

- Using information received via phone call verifying SWD status and services
  - Convene an reevaluation meeting, based on any information you may have, and obtain consent for evaluation
    - Report EVENT CODE ‘04’
    - Report Primary Area code based on what you believe it to be based on information from out of state
  - Convene an IEP meeting, develop and implement an IEP
    - Report EVENT CODE ‘05’
    - Obtain Consent, initiate services: Report EVENT CODE ‘06’

Continued
Scenario: Student enrolls and parent informs that the student is a SWD, no paperwork

Although this is not an initial evaluation:
• Complete reevaluation within 60 days
• Complete the eligibility within a reasonable time thereafter
  • Report EVENT CODE ‘08’

If necessary, convene an IEP review to reflect updated information from the reevaluation.
• Report EVENT CODE ‘07’
• IEP may be amended, do not report EVENT CODE ‘07’

Reporting Graduates

WITHDRAWAL REASON = ‘G’ Report:

- 'S' - Special Education
- 'A' - Certificate of Performance
- 'G' - General Diploma

- If a student exits with a withdrawal reason of ‘G’ (graduated) a diploma type must be reported

- Please note:
  - ‘A’ is not a true graduate or diploma type, use caution when reporting students who exit High School
  - ‘S’ is not a true graduate, although not counted as a dropout, a student who exits with an ‘S’ diploma type is not counted as a High School graduate

Student Record: Creating History for a Student

Special Education Events in SR establish the student’s history of referral, evaluation, services, exit

• Is reporting accurate?
  • Data quality

SR has tools to help with accurate reporting of a student’s special education history
Special Education History

- Special Education Record

- Recovered Events
  - Previously Reported and Accepted Events
  - Recovered Events

- Rejected Events

- Recovered Events
  - Included in Special Education History
  - Eliminate Previously Associated Errors
Rejection/Recovery
Rejection/Recovery

Records are rejected because:

- A reported event occurred outside of a child’s enrollment in the current LEA
- The reported event occurred outside the current fiscal year
- A reported event was reported twice on the same date
- A new “initial event” was reported and no exit event was reported

Some rejected events should be in the student’s history therefore...recovery is necessary

Some rejected events should stay rejected.

What if I move an event to history, then re-upload?

Once an event is recovered, it remains in history regardless of future uploads.

The upload process does not remove recovered events, so users can make corrections in their local SIS without concern that new uploads will undo work the district has done on recoveries.
What if I move the wrong events to history?

- The event can be accessed via the Add/Edit/Delete option on the Main Menu
- This screen should only be used after your district’s final upload
  - **DELETED** event will remain deleted after an upload

*Added or Edited Data entered in Add/Edit/Delete will be over-ridden when your district uploads again*

Program Level Record
Reporting GNETS
Georgia Network for Educational and Therapeutic Supports (GNETS)

• The student data reporting requirements for students placed in a GNETS program are the same as the requirements for all other students

• Students served in GNETS must also be reported in the Program Level Record
GNETS

- GNETS students must be enrolled in the LEA (Local Education Agency) of residence and have an assigned GTID (Georgia Test Identifier). **GNETS programs do not claim GTIDs, the resident district claims the GTID**

- LEAs must coordinate with their GNETS program to develop a data exchange system to provide the information required for input in the local student information system.

- To facilitate the transfer of data, IEPs for GNETS students should be written in the IEP platform of their **LEA of residence**.

- All Student Record Files including **enrollment, discipline, and special education event codes** must be reported for all GNETS students **in the student’s LEA of residence**.

- Students served at any time during the current school year in a GNETS program should be reported with a Program Level File in Student Record.
What is the GNETS program type?

• The program type data element identifies the type of program being reported for each record’s activity.

• Program type code for GNETS is ‘02’
• Element ID is ‘PGM007’
  • Element ID in the PROGRAM Level Record Data File Layout
## Program Level Record Layout (K01)

   Alternative Education “Career Academies” should report ‘01’ for the Program Type.

   **Edits**

   - **E010** - FISCAL YEAR not valid. FISCAL YEAR must be the current valid FISCAL YEAR.
   - **E021** - Always equal to ‘1’.
   - **E040** - Must be an active SYSTEM CODE in the Facilities Database in the range 601-799.
   - **E050** - SCHOOL CODE is missing or not valid for this system. Refer to the Facilities Database.
   - **E824** - Equals ‘K01’ for Program Level Record Layout.
   - **E4011** - No Program records transmitted for this system.
   - **E402** - Must equal one of the following codes: ‘01’ = Alternative Ed
   - ‘02’ = GNETS
   - ‘03’ = Charter Career Academy
   - ‘04’ = Increased/Extended Learning Time
   - **E999** - IF PROGRAM TYPE = "02" (GNETS), student must have a PRIMARY AREA OF EXCEPTIONALITY.
What are program codes for GNETS programs?

PROGRAM TYPE = GNETS ‘02’ (Element ID PGM007), the program type code (Element ID PGM008) must equal one of the following codes:

• ‘02A’ = GNETS – Center Based
• ‘02B’ = GNETS – School Based

• GNETS – Center Based ‘02A’ is defined as a separate program that operates as a standalone and does not afford students the opportunity to access age appropriate non-disabled peers during the school day.

• GNETS – School Based ‘02B’ is defined as a program that allows students access to non-disabled peers during the school day.
What school code is used for GNETS students?

Two school codes are reported for GNETS students attending a GNETS program:

- The ‘School Code’ (Element ID PGM004) is used to report the home school the student would attend if not enrolled in a GNETS program.
- The ‘Alternate School Code’ (Element ID PGM011) is the GNETS program code assigned to the GNETS program the student attends.
Enter the GNETS program code in the alternative school code field

- GNETS program code is validated against facilities database
- E413 – edit: Where PROGRAM TYPE = '02', program SCHOOL CODE entered not valid for a GNETS program
- Ensure that your GNETS facility is reported to the DOE in your facilities report
GNETS Q&A

Can my district report any of the GNETS codes?

No. GNETS programs are tied to specific districts.

Are all programs attached to a facility?

Yes, all programs are attached to a facility in the facilities database even though the services may not be provided at the associated facility.
GNETS Q&A

Should districts have a GNETS program code even in cases where their students attend a GNETS program located in another district?

Yes, districts have a GNETS program code even if the centers are regional or located in another school district.
How is the frequency of GNETS services determined?

The ‘Number of Daily GNETS Segments’ (Element ID PGM015) identifies the highest number of daily segments (1-6) a student received in a GNETS program during the school year.
GNETS Q&A

How is duration of enrollment in a GNETS program determined?

The duration of services for a student enrolled in a GNETS program is calculated using the ‘Beginning Date’ (Element ID PGM009) and ‘Ending Date’ (Element ID PGM0010)

• For students with continuous enrollment ‘Beginning Date’ would be the first day of school and ‘Ending Date’ would be the last day of school.

• If a student enters and exits a GNETS program multiple times during the school year a new Program Level Record must be created for each entry.
Student Level Record
Student Level Data for SWD

Data in the Student Level Record includes:

- demographic data elements
- data elements that describe a student’s participation in special programs...

Data are not time sensitive

- if the student participated in the program at anytime during the school year, that participation should be reported
- Report the participation even if the student is no longer in the program at the end of the school year
Student Level Records

• Student Level Data elements that are “Y” or “N”
  • Extended School Year (ESY)
  • Georgia Alternate Assessment (GAA)
  • Student Support Team (SST)
  • Alternate Math Sequence

• Preschool Code
Extended Year Services may include a range of services offered during the summer or other days when school is not officially in session.

**Code Description:**
- **Y** – ESY *received* during current fiscal year
- **N** – ESY *not received* during current fiscal year
Reporting ESY Examples

• Student received ESY in June 2018 but does not receive ESY in June 2019
  • Report “N” in 2019 SR (no services in FY19)

• Student received ESY in July 2018 but does not receive ESY in June 2019
  • Report “Y” in 2019 SR (July 2018 is in FY19)

• Student does not receive ESY in July or July 2018, IEP says ESY for summer of 2019 but not services are accessed until July 2019.
  • Report “No” in 2019 SR (no services in FY19)
GAA (Georgia Alternate Assessment)

GAA is for students identified as having the most significant cognitive disabilities

GAA 2.0: see information at the following website http://www.gadoe.org/Curriculum-Instruction-and-Assessment/Assessment/Pages/GAA_2.aspx

• Refer to the GAA Eligibility Criteria form
• Flag students “Y” for GAA if their IEP states that they will participate in the alternate assessment regardless of whether an assessment occurs during the current school year
GAA (Georgia Alternate Assessment)

- Valid values are ‘Y’ or ‘N’
- The flag must be ‘N’ for Pre-K students
- Students with GAA = ‘Y’ must have at least one Course record with an 8 in the first digit after the decimal (XX.8 General Education Course in a Special Education Setting)
SST (Student Support Team)

• Indicates a formal SST (Student Support Team) Tier 3 meeting has been held for this student at some point during the school year

• Valid values are ‘Y’ or ‘N’

• For additional information, please visit the SST website at:
  http://www.gadoe.org/Curriculum-Instruction-and-Assessment/Student-Support-Teams/Pages/default.aspx
Alternate Math Sequence

Students with disabilities who were identified prior to enrollment in high school and have a disability affecting mathematics achievement

• may follow an alternative course sequence to meet the mathematics course requirements of the graduation rule 160-4-2-.48.
Alternate Math Sequence

The alternate course sequence includes:

• Dispensation from completing Advanced Algebra or Algebra II

• Allows a student with disabilities earning core credit in:
  • Coordinate Algebra or Algebra I and
  • Analytic Geometry or Geometry, and
  • Two other mathematics courses

• Satisfies the minimum mathematics requirements for high school graduation
Rule: 160-5-1-.15 AWARDING UNITS OF CREDIT AND ACCEPTANCE OF TRANSFER CREDIT AND/OR GRADES

The link below will take you to the complete rule:

(e) Awarding Units of Credit for Mathematics Courses for Students Receiving Special Education Services Under the Individuals with Disabilities Education Act (IDEA).

“mathematics courses that will satisfy the mathematics course requirements in State Board of Education Rule 160-4-2-.48”
Alternate Math Sequence DECISION

• WHO makes the decision? IEP team
• WHEN is the decision made? In high school
• ON WHAT is the decision based?
  • Documentation that the student has a disability that affects mathematics achievement
  • Based on
    ✓ Mathematics Milestones scores
    ✓ IEP goals designed to provide access to the standards
    ✓ Present levels of performance documentation
    ✓ Psychological assessment data
    ✓ Eligibility report documentation
• WHEN must the documentation occur? Prior to high school
Prior to the student entering the ninth grade, the student’s Individualized Education Program (IEP) Team has to identify that the student has a disability that affects mathematics achievement.

Possible evidence:
✓ Mathematics Milestones scores
✓ IEP goals designed to provide access to the standards
✓ Present levels of performance documentation
✓ Psychological assessment data
✓ Eligibility report documentation

This documentation must be in the student’s file prior to 9th grade to justify participation in the alternate math sequence. There is no method to bypass this.

IMPORTANT!
Report this in the year the student participates in alternate math sequence, not the year the decision is made.
The IEP Team Shall Document...

• The student’s disability has precluded the student from achieving grade-level proficiency
• The student’s progress to date in response to appropriate instruction, including special education and related services designed to address the student’s individual needs, is such that, even if significant growth occurs, the IEP team is reasonably certain that the student will not successfully master the standards in Mathematics III, GPS Advanced Algebra, or CCGPS Advanced Algebra
• The determination of the student’s progress has been based on multiple measurements
Local boards of education shall award units of math credit only for courses that include concepts and skills based on the state-adopted curriculum for grades 9-12 approved by the State Board of Education. Students with disabilities, who were identified prior to enrollment in high school and have a disability affecting mathematics achievement, may follow an alternate course sequence to meet the mathematics course requirements of the graduation rule 160-4-2-.48. The alternate course sequences include 1) students enrolling in a single advanced mathematics course and receiving instruction over two years or 2) receiving dispensation from completing Mathematics III or GPS Advanced Algebra or CCGPS Advanced Algebra. These alternate course sequences would allow a student with disabilities earning core credit in Mathematics I and II or GPS Algebra and GPS Geometry, or CCGPS Coordinate Algebra and CCGPS Analytic Geometry with two other mathematics courses to satisfy the minimum mathematics requirements for high school graduation.

**FAQs**

1. Will any data be collected on students utilizing the alternate course sequence?
   - Yes, you will report annually on students utilizing the alternate course sequence in the June Student Record collection

2. If the IEP team recommends an alternate math sequence, can the team later determine that the student should not be on an alternate math sequence?
   - Yes – you will see an error that can be relieved

Pre-K Program

Note: When the student is served part of the day in one program and part of the day in special education, choose the code that represents the non-special education portion.

Example: If the student is part day Georgia Pre-K and part day special education, then choose '05' Georgia Pre-K for any child attending the lottery funded program, regardless of whether or not they are receiving special education services.
Random

LEA requires that a student attends a school different than the home school:

Example: Student requires MOID small group class, class is available at an elementary school

Report: System Code, School Code of home school
Report: ALTERNATE System Code, ALTERNATE School Code of attending school

**E022 STUDENT ID:** Student was reported in FTE1 with ALL IEP = “S” (service plan or home schooled) or “N” (not served and private/home schooled) therefore should not be reported in Student Record

- If student was not publicly enrolled in your district this school year, do not report the student in SR
- Remove the enrollment history if not publicly enrolled this year
Special Education Level File:
E036 STUDENT ID: Enrollment record required if special education record reported. Student not enrolled at time of Special Education event

- You have a mismatch, you are reporting events but not reporting enrollment at that school. One or the other is wrong
- Reminder: Pre-K student served under an IEP should have an enrollment history
- Remove the enrollment history if the student never really enrolled
Special Education Level File:

Eo88 EVENT CODE: A student level record was found for this student with a PRIMARY AREA. At least one Special Education Record is required for EVENT CODE ‘05’ (Initial IEP Meeting) or EVENT CODE ‘07’ (IEP Annual Review)

- Filter your Student Record Excel to determine what dates you uploaded
- Recover any rejected records
Special Education Level File:

Eo89 EVENT CODE: Students with a PRIMARY AREA must report a Special Education record for EVENT CODE ‘04’ (Initial Eligibility Determination) or EVENT CODE ‘08’ (Re-eligibility Determination)

• Filter your SR Excel to determine what dates you uploaded
• Recover any rejected records
E597 EVENT CODE: If Parent Consents to Evaluation (EVENT CODE ‘02’), then records must exist for the Initial Evaluation (EVENT CODE ‘03’) and the Initial Eligibility Determination (EVENT CODE ‘04’) if consent before April 15th of the current FISCAL YEAR.

- This is a straight 60 day calendar clock looking for an event ‘03’
  - Once you report an event ‘03’ you will not receive this message even if the ‘03’ is late
- Ignore the message if you think you were not late
Special Education Level File:

E579 EVENT CODE: New special education students must report events for Initial Eligibility Determination (04), Initial IEP meeting (05), and Initial IEP Placement (06).

Please check Special Tools/SE076a – Special Education Rejection Report for possible rejected records (Codes R01, R03, and R05)

• Recover your rejected records
• ‘04’ – Initial Eligibility Determination
• ‘05’ – Initial IEP Meeting
• ‘06’ – Initial IEP Placement – date the student began receiving service; never report a future date
• Enter a Primary Area in your SIS only if you are reporting an Event Code ‘06’
Special Education Level File:

E5801 EVENT CODE: New placement events (range 01 -06) were reported for a student \(\text{the student already had placement events in SR}\) but no exit event was reported, or the new event dates are prior to the exit event.

- Was there an exit event prior to this school year in another district?
- Must be entered prior to sign off on Add/Edit/Delete
  - Data entered in Add/Edit/Delete must be entered after the final upload.
E5945 EVENT CODE: When EVENT CODE ‘11’ is reported, the following EVENT CODES are invalid: ’05’, ‘06’, ‘07’, ‘08’, ‘09’, ‘10’, and ‘12’

• When a student is not eligible for services – Event Code ‘11’ – the student is not a SWD and has no subsequent special education events
Special Education Level File:

E5946 EVENT CODE: When EVENT CODE ‘12’ is reported, the following EVENT CODES are invalid: ‘06’, ‘07’, ‘08’, ‘09’, ‘10’, and ‘11’

- When a parent does not give consent for services – Event Code ‘12’ – the student is not a SWD and has no subsequent special education events
Student Level File:
E159 GAA; Primary Area: GAA = ‘Y’, a PRIMARY AREA is required

• Add Primary Area in your SIS
• GAA allowed only for SWD
Student Level File:
E188 ALTERNATE MATH SEQUENCE:
Student reported with a PRIMARY AREA and in GRADE LEVEL 10-12. ALTERNATE MATH

• All SWD must be either Yes or No for Alternate Math Sequence if in grades 10, 11 or 12
• If the student is not taking Math in 12th grade but was “Y” for Alternate Math Sequence, continue reporting “Y”
Student Level File:

**E3112 PRIMARY AREA:** Student reporting a PRIMARY AREA, but exited program in a previous school year and has no record of re-entering program

- Check the status of student – currently eligible? Yes. Report a Primary Area
- Exited in prior year? Yes. Do not report a Primary Area
- Re-entered special education? Yes. Report new initial events
- If exit date was reported in error request relief prior to sign-off
E3214 PRIMARY AREA; WITHDRAWAL REASON: PRIMARY AREA is not null and student reported with WITHDRAWAL REASON = G in prior FISCAL YEAR

• If the student graduated, you should not be reporting this student
• Check graduation records
• Contact DOE with unique situations
E802 PRIMARY AREA: A PRIMARY AREA is reported for the student, but no special education events have been reported in the current Student Record collection. See report SE060 on the Special Education Reports Menu

- Recover any rejected records
- Wait until events occur and are reported; make sure past meetings are finalized
Student Level File:

**E873 PRIMARY AREA:** PRIMARY AREA with no exit EVENT last school year, but the student not reported with PRIMARY AREA at current school

- Check special education status
- Did student exit and was exit reported?
- Does the exit need to be recovered?
- Did parent report student’s special education status upon enrollment?
Student Level File:
E874 PRIMARY AREA: Student reported as an active special education student in FTE but not reported with a PRIMARY AREA in Student Record

- Check SWD status; was student dismissed?
- *Keep Primary Area until close of SR* then remove Primary Area (*same students may receive an E872*)
Program Level File:

E413 ALTERNATE SCHOOL NUMBER: Where PROGRAM TYPE = ‘02’, ALTERNATE SCHOOL NUMBER must be a valid GNETS program number in Facilities. Please look at your district in the Facilities database to verify the GNETS program number.

Check accuracy of your GNETS program number. Make sure this is still a GNETS student attending the GNETS facility that serves your district.

Report the GNETS Program code assigned to your district.
Student Level File:
E563: PRIMARY AREA; SCHOOL CODE:
Schools must report Special Education students if reported Special Education students in FTE\textsubscript{1}. See SR071 FTE/SR Exceptions Report for list of FTE school/students now causing E563 in Student Record

• Make sure all your schools are reporting their special education students
The date if the initial eligibility determination meeting that made the student ineligible must be the same as the date you are reporting the child not eligible for services.
The date the parent does not give consent for initial placement must be the same date that the district developed the initial IEP and made its first offer of FAPE.
Special Education Level File:

E5947 EVENT CODE, EVENT DATE: The EVENT DATE of verification for EVENT CODE ‘13’ must be after the date of the last prior EVENT DATE

• When reporting a ‘13’ the district is saying that they misreported a student as a student with a disability.
• The ‘13’ must be after the last event reported in error in the previous fiscal year
Student Level File:
E872 PRIMARY AREA: Student reported with PRIMARY AREA and no exit EVENT last school year, but student not reported with PRIMARY AREA at current school

- Check special education status
- Did student exit and was exit reported?
- Does the exit need to be recovered?
- Did parent report student’s special education status upon enrollment?
Many students will legitimately change Primary Area (this is a warning, not an error)

- Scan warning report to determine likelihood of an error
Special Education Level File:

E887 STUDENT ID: Special Education records reported for a student must have a corresponding student record in the student file

- When you see a Null Name in this or any error report:
  - Check enrollment records in SIS (PreK Community student served under and IEP should have an enrollment record)
E024 DATE OF BIRTH: DATE of BIRTH reported for active student does not match the DATE of BIRTH in GTID. Verify date and correct either in SR or GTID.

- Check DOB in SIS and IEP program – do they match?
W548: Student should not be less than 4 years old unless in a preschool program for exceptional children.

- Check special education status of the student
  - 4 year olds are likely SWD, check DOB
E125 Pre K Program Code: Must be one of the following codes: (see PRE-K program codes chart)

- Enter a Pre-K Program code appropriate to the child’s services setting
E4301 GA Test Identifier (GTID): The combination of STUDENT ID/GTID reported for this student does not match the data reported in the Student Level file OR STUDENT ID/GTID is missing.

- GTID and/or Student ID in SIS do not match GTID and/or Student ID in IEP system
- Determine which is correct; correct or merge GTID in GUIDE
- This is often the result of using a fake SSN when first enrolling the student; use the correct SSN from the beginning
Special Education Level File:
E5802 STUDENT ID: A PRIMARY AREA is reported for the student, but no special education events have been reported in the current Student Record collection.

• Clearing E579 through rejected records will eliminate many of these
• Don’t worry about this error early in the year, no events have happened yet
• If no events reported at sign-off submit comments prior to sign-off
Special Education Level File:

E583 EVENT DATE: EVENT DATE for Initial Eligibility Determination (EVENT CODE '04') is over 3 years old, and no newer record has been reported for Re-Eligibility Determination (EVENT CODE '08').

- Recovery of rejected records will resolve some of these
- Finalizing documents (eligibility re-determination) will resolve some
- Look for lapsed IEPs and eligibilities in your district
Special Education Level File:

E5941 EVENT CODE: When EVENT CODE ‘11’ is reported. EVENT CODE ‘04’ is required. (Dates must be the same)

- This error occurs when a student has an event ‘11’ and is subsequently re-referred because the ‘11’ is being compared to a more recent ‘04’
- This error can be relieved by submitting an explanation prior to sign-off (why student was re-referred so soon after an ‘11’)
- This error should be analyzed in order to determine whether changes should be made in local practice related to interventions or comprehensive evaluations
Special Education Level File:
E5942 EVENT CODE: When EVENT CODE ‘12’ is reported, events ‘04’ and ‘05’ are required.

- When you report a ‘12’ (parent does not give consent for services) you must report an initial eligibility and initial IEP on or before the event ‘12’
- Check rejected records
- Best practice to offer FAPE through an IEP so parents know what they are rejecting
  - If parent refuses to allow the convening of an IEP, ask for relief for this error
Special Education Level File:

E598 EVENT DATE: The EVENT DATE for event ‘07’ or event ‘08’ should be greater than event ‘05’ or event ‘06’

• For transfer students if event ‘06’ is the same as event ‘08’, submit an explanation prior to sign-off
E570 EVENT CODE: Student should not have more than one of each initial EVENT CODE reported for a school within the same school year.

- If student has a ‘06’ and a later ‘10’ and is then re-referred, submit an explanation prior to sign-off.
- Data collections will examine the continuation of this error for certain conditions in the future.
E050 SCHOOL CODE: SCHOOL CODE is missing or not valid for this system. Refer to Facilities Data Base

• Are you using an invalid school code? (all valid facility codes are included in your facilities reported to DOE)
• You will receive this error if you report an alternate school code instead of the school code
Many districts are not reporting parental presence at the ANNUAL Review IEP meeting.

Make sure you report whether a parent is present at the Annual Review as well as the Initial IEP meeting.
Student Level File:

W2600 DIPLOMA TYPE: School reported zero students with a certificate of attendance (DIPLOMA TYPE = 'A') or special education diploma (diploma type = 'S'). See SR - Graduated Students Report.

• This is a warning, not an error
• This data may be accurate, however, check when you see this warning.
• If it is accurate – no SWD with a special education diploma – yea!
E320 DIPLOMA TYPE: DIPLOMA TYPE required if WITHDRAWAL REASON = 'G'; must be:
'S' - Special Education
'A' - Certificate of Performance
'G' - General Diploma

• If a student exits with a withdrawal reason of ‘G’ (graduated) a diploma type must be reported
• Please note: ‘A’ is not a true graduate or diploma type, use caution when reporting students who exit High School
• ‘S’ is not a true graduate, although not counted as a dropout, a student who exits with an ‘S’ diploma type is not counted as a High School graduate
