Section J: MyGaDOE Web Portal Provisioning, V2.2

Revision History

Date	Version	Description	Author
06/03/2016	2.2	16.01.00 – Update Logo and Footers.	S. Scrivens
07/25/2013	2.1	13.02.00 – Delete Cycle 3 reports.	D. Ochala
06/23/2009	2.0	09.02.00 – New security procedure supporting FY2010 CPI reporting requirements.	C. W. Jones

All Rights Reserved.

Overview

Data security is extremely important because many of the Georgia Department of Education's software applications provide access to highly sensitive data, including but not limited to information identifying students and their assessment results. To ensure the security of this data, beginning in FY2010, the *MyGaDOE* Web portal will use PCGenesis employee personnel and CPI data when granting access to the portal, and when authenticating anonymous Web users. This measure also facilitates new teachers gaining the required access to the *MyGaDOE* portal. Although this new extract of CPI personnel information is only for portal security provisioning, PCGenesis users should note that this is not a CPI extract.

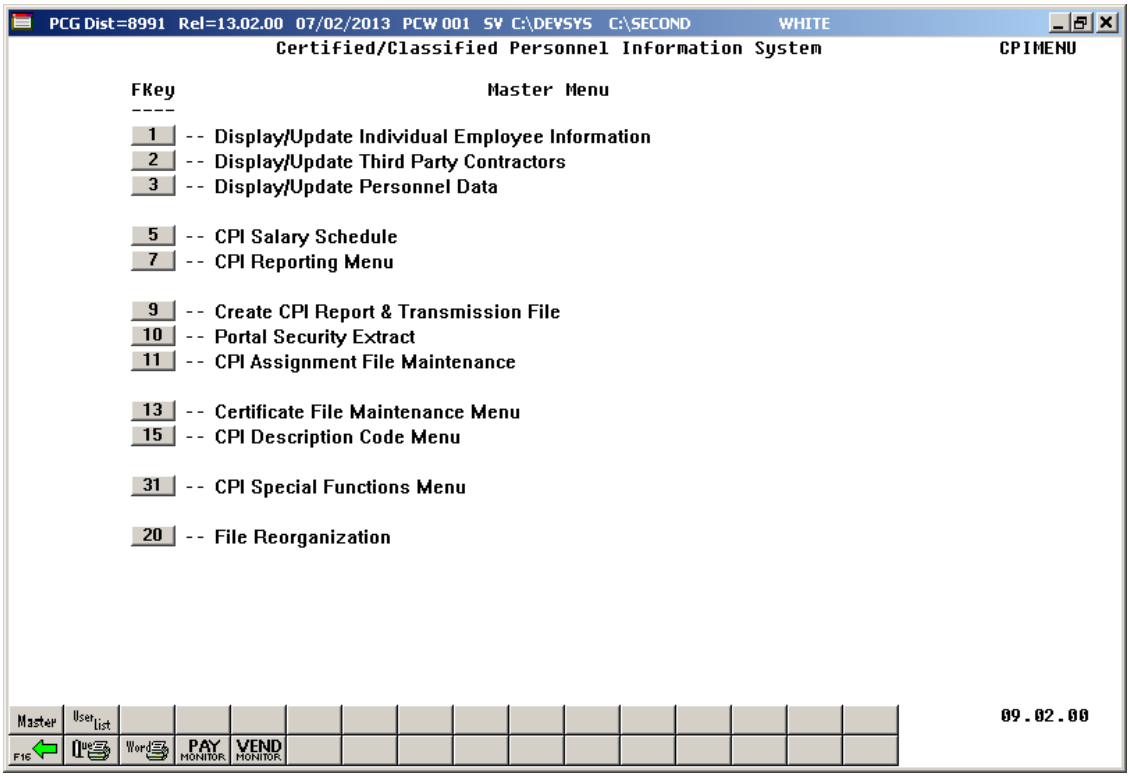
The PCGenesis-*Portal Provisioning Upload* supports this effort by extracting employee personnel and Certified/Classified Personnel Information (CPI) information, including CPI assignment school codes and job codes for upload to the Georgia Department of Education.

Before performing this procedure, the *Certified/Classified Employee Listing* must be printed and the resulting errors corrected.

All Rights Reserved.

Step	Action
1	Print the *Certified/Classified Employee Listing* by following the instructions provided in *Section E: CPI Report Processing*.
2	From the *Business Applications Master Menu*, select F4 (**F4 -** Certified/Classified Personnel Information System).

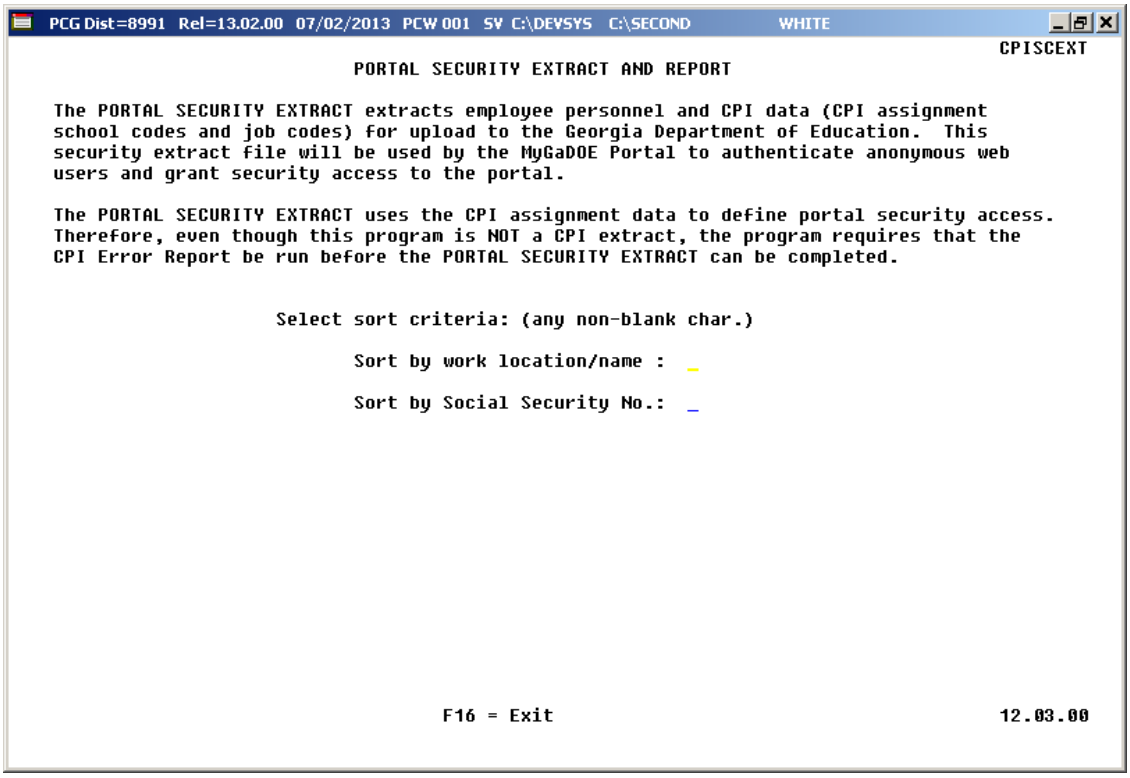
The following screen displays:



Step	Action
3	Select 10 (**F10** – Portal Security Extract).

All Rights Reserved.

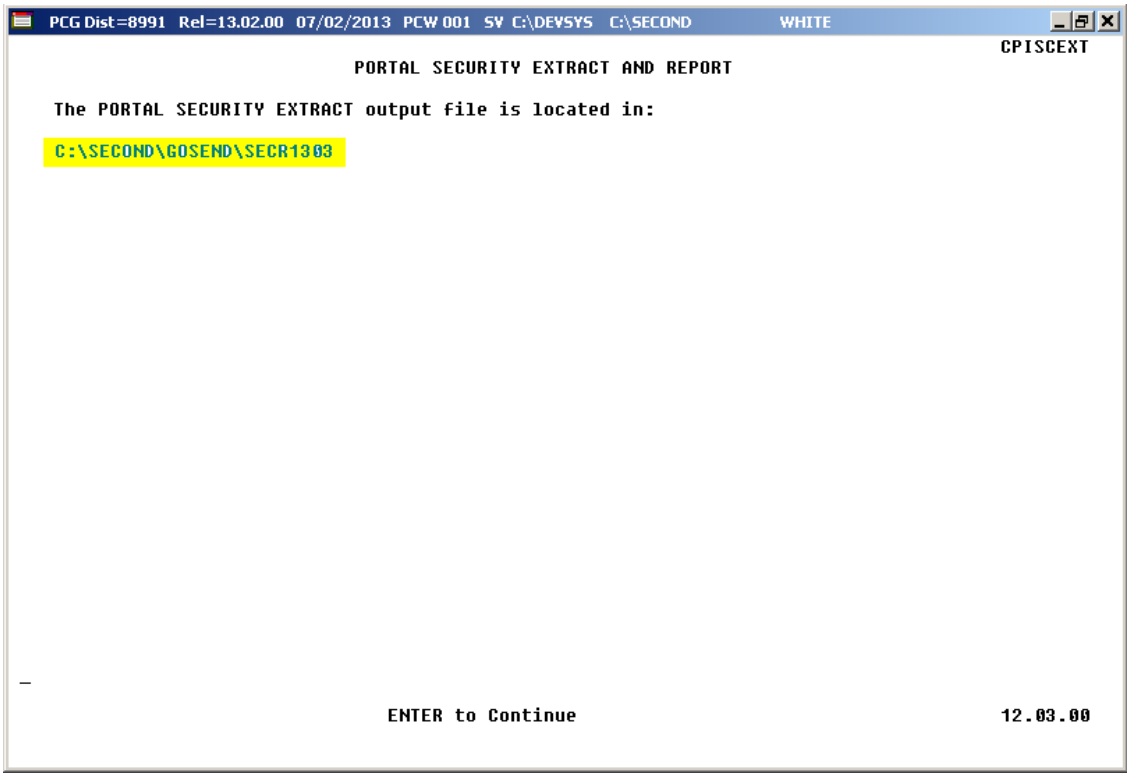
The following screen displays:



Step	Action
4	Enter **X** in the appropriate sort criteria field, and select **Enter** (to Continue). *"** Processing Request **" briefly displays.*

All Rights Reserved.

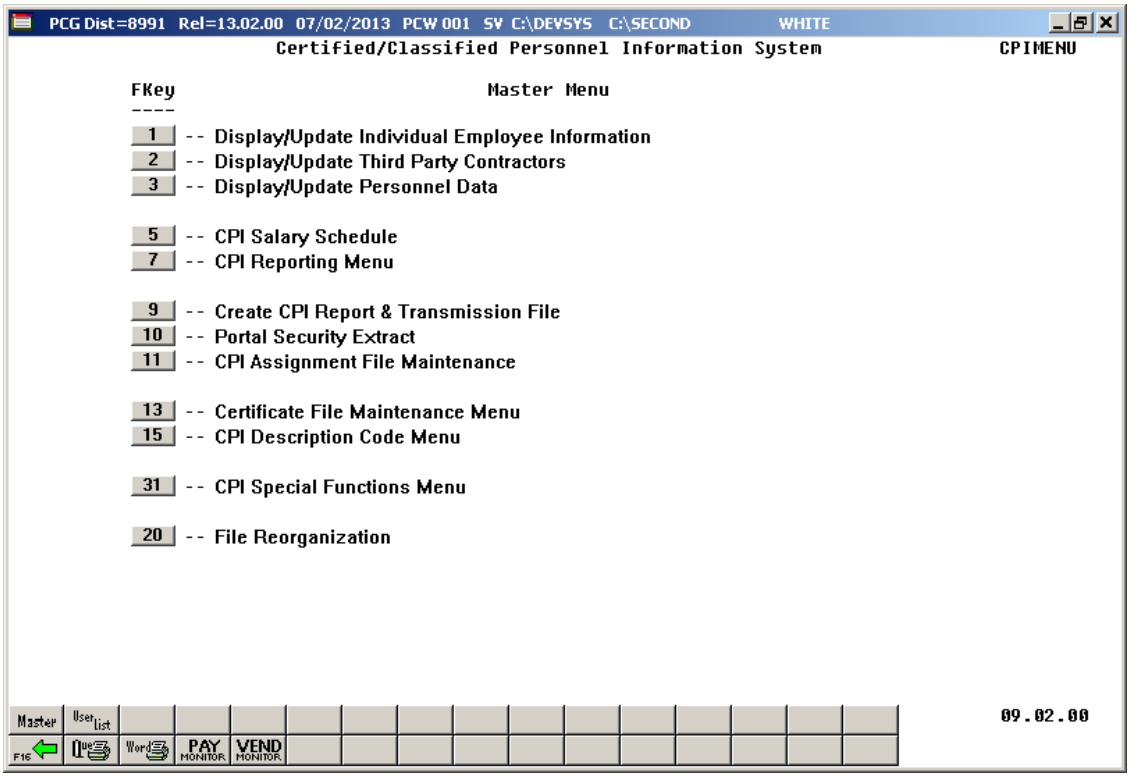
The following screen displays:



Step	Action
5	Record or screen-print the file location for *MyGaDOE* Web portal use, and select **Enter** (to Continue). *The file location is needed in Step 8 for the MyGaDOE Web portal transmission.*

All Rights Reserved.

The following screen displays:



Step	Action
6	**To print the report via the Uqueue Print Manager:** Select (**Uqueue**). **To print the report via Microsoft® Word:** Select (**MS WORD**). Follow the instructions provided in the *Technical System Operations Guide*, *User Interface Procedures*, *Creating the Microsoft®-PCGenesis QWORD Macro for Report Printing* to create the macro necessary to use the feature where appropriate.

All Rights Reserved.

Step	Action
7	Select F16 (**F16** - Exit) to return to the *Business Applications Master Menu.*
8	Follow normal processing procedures to submit the file via the *MyGaDOE* Web portal.

J1. Portal Security Extract Report - Example
