SLDS Role error

visibility

You are not authorized to access LDS Portal. Please contact System Administrator.

Resolution: Assign an approved Role or Confirm the ROLE has been “provisioned” on the DOE side. Appears that the user has an SLDS ROLE that has not been setup correctly. This could be one of two things:

- Profile Manager or “Super User” has created a ROLE inside of SIS, but that ROLE has not been provisioned on the DOE side.
- Profile Manager has created a role- but the Role name in Profile Manager does not match exactly the token inside of the SIS.

Infinite Campus

The screenshot shows the Infinite Campus District Edition interface. The top navigation bar includes the Infinite Campus logo, 'District Edition', and a search icon. Below the navigation bar, there are filters for 'Year' (18-19) and 'School' (All Schools). The main content area is titled 'Custom Attribute' and includes buttons for 'New', 'Save', and 'Delete'. A sidebar on the left contains a search box and a list of categories, with 'Custom Attribute' highlighted. The main content area displays a tree view of 'Campus Attributes/Dictionary Editor' with 'SLDS Role' selected. Below this is a table titled 'SLDS Role Dictionary Detail' with columns for Code, Name, Seq, Value, Standard Code, and Active. A red arrow points to the 'Value' column header with the text 'The 4th Column' and 'TOKEN'.

TOKEN

Minus "GA DOE"

To add/delete/edit Roles to access SLDS

Only One USER Role is able to access the Profile Manager – that is the **D5U** not to be confused with the TKES Super User.

As the **D5U** user – the only application available is the Profile Manager.

The new role CANNOT have an “&” in the name/token.

The new Token in the SIS must match EXACTLY the SLDS Role Name.

Type: By Role

[New Role](#)

Roles: Central Office

The screenshot shows a role configuration interface. At the top, there is a dropdown menu for 'Type' set to 'By Role' and a text field for 'Roles' containing 'Central Office'. To the right is a link for 'New Role'. Below this is a tree view of permissions. The root node is 'Central Office' with a minus sign. It has a sub-node 'SLDS' with a plus sign and a blue cube icon. Under 'SLDS', there are four folder icons: 'District' (checked), 'School' (unchecked), 'Teacher' (unchecked), and 'Reports' (checked). Below these are two application icons: 'Reports' (checked) and 'GrowthModel' (checked). A red arrow points from the text 'To access container of the ROLE' to the plus sign next to the 'SLDS' folder icon.

To access container of the ROLE

By clicking on the PLUS [+] sign beside the Application (blue cube), You open the options for the Applications. This is usually the **LEVEL** of access.

A ROLE can have DIFFERENT levels for different applications- for example a District level in SLDS, but a School level in CLIP (or vice versa)

Profile Management

Logout

Type: By Role

Roles: Central Office

- Central Office
 - District
 - 21CSA (Operational)
 - Attendance (Historical)
 - CRCT (Historical)
 - CRCT (Operational)
 - CRCTM (Operational)
 - CRCTM (Historical)
 - Enrollment (Historical)

To access components of the ROLE

By clicking on the PLUS [+] sign beside the Container (folder), You open the options for the Container, which is Components.

Instructions:

Before new Role can used :

New Role will need to be created using the “Profile Manager” with the correct applications assigned.

New Role will need to be added to your SIS. This may require you to create the Role or your SIS vendor must t create the Role.

Once the New Role has been completed on both sides, the New Role can be used (assigned) to users in your SIS.

Best Practice- always test the new ROLE before assigning it to a user.

IIS Dashboard – Data Analysis Tool

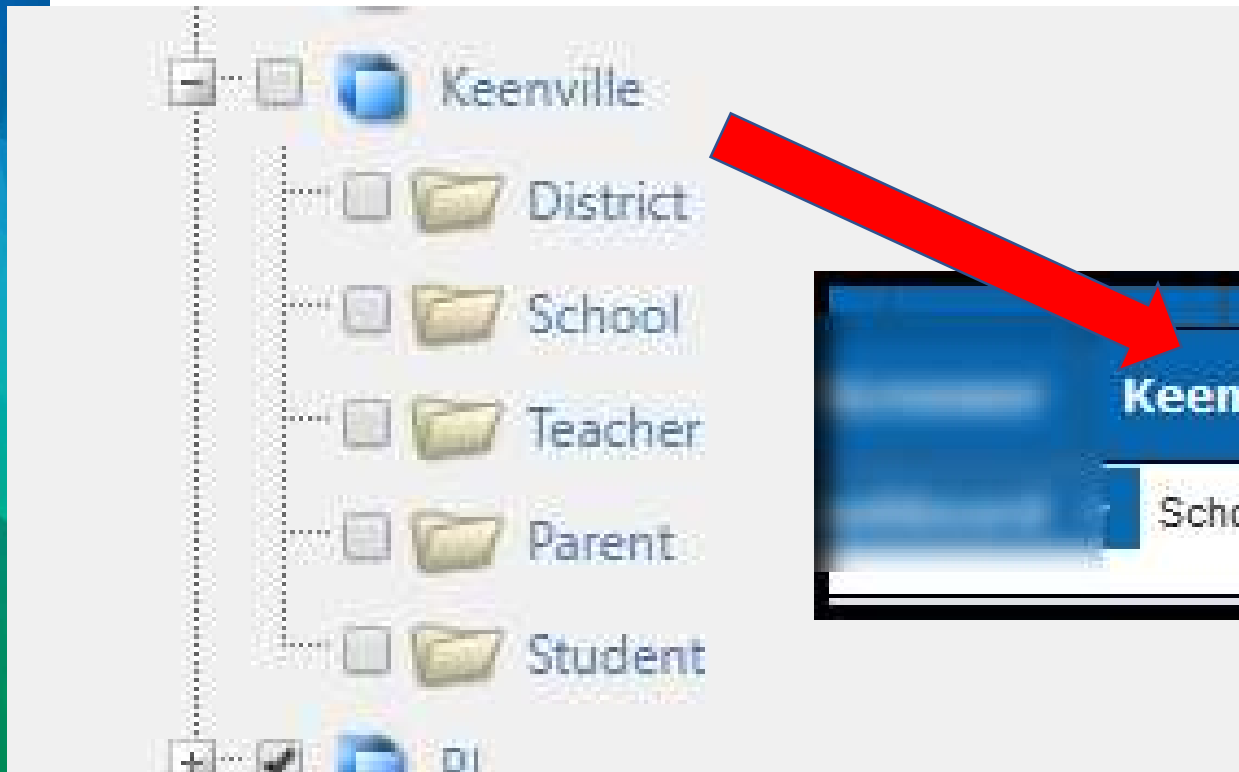

The image displays a screenshot of a web application interface. On the left side, there is a file explorer view showing a hierarchical structure:

- IIS
 - District
 - Assessments
 - CCRPI
 - LikeMine
 - MyWall
 - StudentGrowthModel
 - School
 - Assessments
 - CCRPI
 - LikeMine
 - MyWall
 - StudentGrowthModel

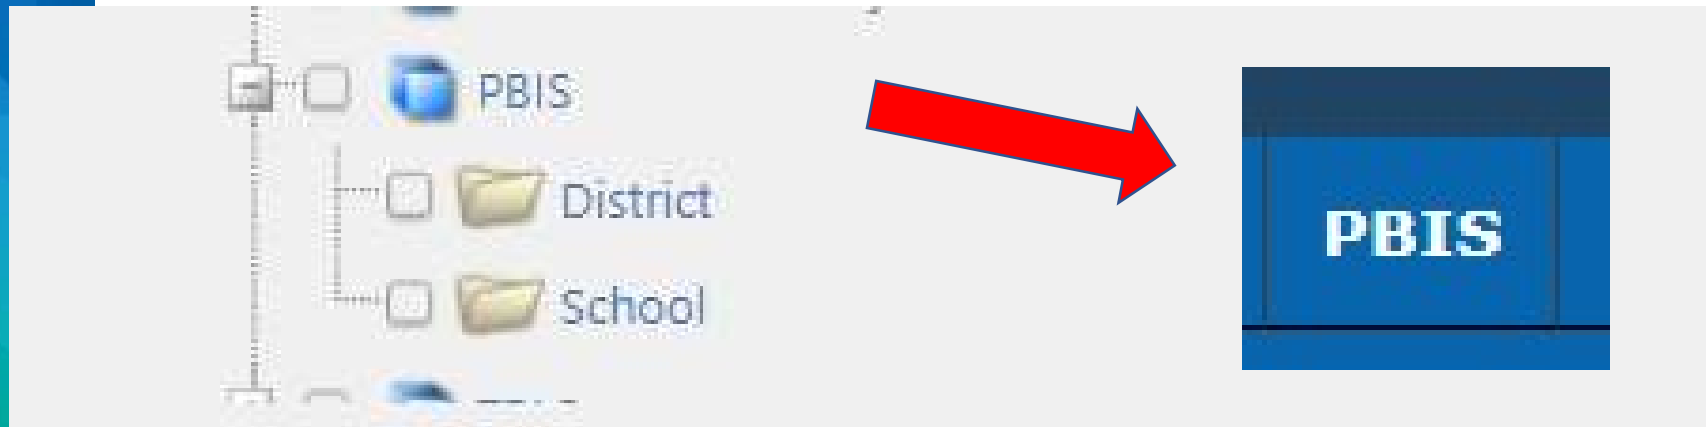

On the right side, a blue header bar contains the text "IIS Dashboard". A red arrow points from the "IIS" folder in the file explorer to the "IIS Dashboard" header.

At the bottom of the page, there is a blue horizontal line followed by the text "ucating Georgia's Future" and the logo for the Georgia Department of Education (GaDOE), which includes a stylized figure and the text "GaDOE Georgia Department of Education".
