- Teacher
- Superintendent

All of the above

Richard Woods, Georgia's School Superintendent | Georgia Department of Education | Educating Georgia's Future

19

TKES/LKES

What is TKES/LKES feature designed to do?

The TLSD Electronic Platform is available for principals, teachers, and contributing professionals to use as part of the Teacher and Leader Keys Effectiveness System and the PSC recertification requirements.

As of July 2018, the TLSD Electronic Platform was moved into the Statewide Longitudinal Data System (SLDS). This system grants Georgia principals' virtual access to the common evaluation systems (TKES/LKES), further supporting the ability of schools, districts and the state to ensure consistency and comparability in teacher and leader effectiveness and evaluation.

Richard Woods, Georgia's School Superintendent | Georgia Department of Education | Educating Georgia's Future

20

PL

Which of the following statement is not true about PL?

1. The feature used to be called PD
2. Provides users with opportunities to select various digital courses or trainings to deepen understanding of a specific topic
3. PL is integrated into the TKES/LKES platform

Who should have access to PL?

- District level user
- School level user
- Teachers

All of the above

None of the above- as all statements are true

Richard Woods, Georgia's School Superintendent | Georgia Department of Education | Educating Georgia's Future

21

What is Red Fez?

The Red Fez application enables teachers to monitor and properly reward students involved in the Red Fez Reading Club.

The primary purpose of the Red Fez Reading Club is to improve early reading skills by encouraging reading among children, their families, friends and neighbors. And, as an incentive, children can earn one ticket for each book they read, up to 10 tickets to the annual Shriners Circus.

The Red Fez application is only available to elementary school teachers, whose districts have signed up to participate.

22

Newest Features

*Offering a holistic education to **each and every child** in our state.*

23

Which best describes the feature known as ES4PS?

1. Equitable Services for Public Schools
2. Equitable Services for Private Schools
3. Equitable Services for Parent Support

#2

Note: LEAs have an obligation to provide parentally placed private school children with disabilities an opportunity for equitable participation in the services funded with Federal Part B funds that the LEA has determined, after consultation, to make available to parentally placed private school children with disabilities.

Richard Woods, Georgia's School Superintendent | Georgia Department of Education | Educating Georgia's Future

24

What is SI Dashboard?

The SI (School improvement) Dashboard allows LEA users to take a deeper dive into Georgia data variables for the purpose of informing school improvement efforts and informing equity decisions. This dashboard has six pages – 1) Student Information, 2) Star Rating, 3) Teacher Information, 4) Leader Information, 5) Student Information and 6) School Improvement – that allows state users, district users, and school users to explore the different data variables across the years. The Dashboard was created using data from FY 2016, FY 2017, and FY 2018.

For School and District level users only!
