

Recent Updates for January 2014 – June 2014

June 2014

Statewide Longitudinal Data System (SLDS)

Assessments loaded this week:

- Spring 2014 CRCT (posted on 6/27/2014)
- Spring 2014 Grade 3, 5, and 8 Writing Tests
- Fall, Winter, And Spring 2014 Georgia High School Graduation Tests
- 2014 Georgia Alternate Assessment

(Posted on 6/26/2014)

Instructional Improvement System (IIS)

- Spring 2014 CRCT scores loaded to IIS dashboard.
- Default fiscal year for Assessments now set to 2014. *(Posted on 6/27/2014)*
- IIS District User Guide posted on the IIS Webpage. Click [here](#) to open the guide as a PDF.
- Assessment category: FAY data loaded for 2012-13 CRCT (FAY data is not available for EOCT). 2013-14 FAY data will not be available until 2014 CCRPI is released.
- Growth Model category: Individual student growth percentiles added to the student list export
- Attendance category: 2012-13 CCRPI Attendance data loaded. 2013-14 attendance data will not be available until 2014 CCRPI is released.

May 2014

Instructional Improvement System (IIS)

2014 Preliminary CRCT results will be available for district-level users to view in the IIS Data Tool the **day after they are published into SLDS** by each district's assessment coordinator. Please note that the CRCT data that initially displays in the data tool will continue to **default to 2013 until the 2014 data is finalized**. This means that in order to view your 2014 data, you will need to go into the **Fiscal Year** filter and select “**2014**” to view and work with your 2014 data. *(Posted on 5/15/2014)*

Statewide Longitudinal Data System (SLDS)

2014 Preliminary CRCT results will be available for district users, school users, and teachers to view in SLDS as they are published by each district's assessment coordinator.

Recent Updates for January 2014 – June 2014

April 2014

Teacher Resource Link (TRL)

- Curriculum Tools tab added to TRL. This tab contains a collection of resources created by Georgia Department of Education which include curriculum units, frameworks, and guides. This tab does not display user ratings and reviews.
- District users now have access to the Teacher Tools tab.
- "Save Resources" button has now been renamed to "Assign Resources" in preparation for the Learning Management System.

Instructional Improvement System (IIS)

Users with the District role in SLDS can now access the Instructional Improvement System (IIS) Dashboard within the SLDS Tunnel. Please click [here](#) for more information about the IIS Dashboard.

Statewide Longitudinal Data System (SLDS)

Teacher Usage Report added to the Usage Reports application. This report allows school-level and district-level users to track their schools' progress toward earning the extra 1/2 point for Exceeding the Bar on CCRPI.

- The report displays the percentage of teachers meeting the CCRPI target of 50 page views per month on average within any of the SLDS tunnel applications between January 1, 2014 and May 31, 2014.
- Clicking on the hyperlinked percentage will display each teacher's total number of page views and will indicate which teachers have met the target goal for page views thus far.
- ***The Target Page View Goal is what is needed for the extra 1/2 point.*** Users can specify a date range, and the page view target for that date range will be 50 times the number of months specified, ***however the CCRPI Target Page View Goal does not change.*** This allows users to see whether or not they are on track to meet the goal on a monthly basis.

March 2014

Statewide Longitudinal Data System (SLDS)

Winter 2014 EOCT available in SLDS.

Recent Updates for January 2014 – June 2014

January/February 2014

Statewide Longitudinal Data System (SLDS)

- District-level and School-level assessment dashboards redesigned.
- New assessments added to SLDS: 3rd Grade Writing Test (3GWT), Georgia Kindergarten Inventory of Developing Skills (GKIDS), Alternate ACCESS for English Language Learners.
- Student Profile Page now displays dates on which student demographic data was last refreshed.
- Ability to run usage reports for SLDS, TRL, IIS, and Student Growth Model.

Teacher Resource Link (TRL)

- Resource Map added to TRL.
- Ongoing addition of new resources in CTAE, Fine Arts, and Health Education.
- Refined standards alignment for current Social Studies and Science resources
