Drill Down Charts

1. On the Historical Assessment Results

page, District-level users have the ability to drill down on the district bar on each of the charts to view a list of students included in each color coded category of each bar. School-level users can drill down on the school bar to view a list of students included in each color-coded category.

Note: The State level bar in the chart does NOT provide drilldown capability.

2. District-level users will see a list of schools as well as totals for students within the demographic categories that satisfy the selected criteria. A detail list of students for each school is visible by clicking on the "+" to the left of the school name.
