

GKIDS Assessment Results - Historical

1. Click SLDS Historical tile. Click GKIDS tile.

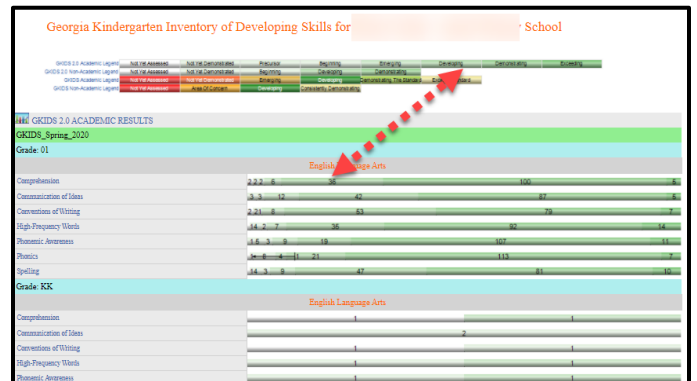

2. GKIDS (Ga Kindergarten Inventory of Developing Skills)- Historical, displays results for students who completed a GKIDS assessment in your school/district last year (or in previous years).

3. Districts/schools see last year as the default FY, then must select a subject* from the dropdown. Click the **View Report button** to see the corresponding data.

4. GKIDS 2.0 academic results display in a graduated green shaded color band report. Each shade displays the number of students to fall within that achievement band: Not Yet Demonstrated, Precursor, Beginning, etc.... **Click the color band** to produce a list of students to fall within that achievement.

5. Click the student's name to produce the Student Profile Page. Scroll to the State Assessment section. **Click to View** GKIDS assessment to explore academic/non-academic achievement results.

* Subjects stemming from the GKIDS 2.0 assessment are listed as English Language Arts, Math, Science, Social Studies, Personal, and Social Development. All other values reflect subjects stemming from previous versions of GKIDS assessments.
