

## PreK Assessment Results - Historical

1. Click SLDS Historical, then click PreK.

2. PreK - Historical, displays results for students who completed a PreK assessment in your school/district last year (or in previous years).

3. District users must first select a school name from the School dropdown, select the Fiscal Year, and click **View Report button** to obtain data. (Schools default automatically to last year's Fiscal Year). PreK data displays a Student List report. In the Assessment column, **Click to View** the blue color band.

4. The report displays domain/standards related proficiency information.

5. The same data can also be viewed by clicking a name from the Student List report. Scroll down to the State Assessments section, and **Click to View** the PreK GAP4 assessment.
