 The color band displays two numbers. The first number is the achievement category attained (represented here by the # 1 = Urgent Intervention). The second number is the student's percentile rank (represented here by the # 9).

3. When you click the Achievement color band you access a detailed report about the student's achievement on this assessment.

4. Just above the navigation tool bar, use the two dropdowns, Achievement Level and Measure Name, to modify the data you wish to display. Make the selection(s) from the dropdown menu and click the View Report button to apply the selection(s).

 When you click the Detail link, the student's longitudinal performance in the multiple assessments, taken over the course of the year, displays in chart format.
