

TRL - Editing Search Criteria

 Use the various filters provided on the TRL page (grade, subject, etc...) including Learning Standards to search for applicable resources. The results page displays all the selections made. Each selection listed includes a red X beside it.

 The red X is used to remove specific selection(s). As selections are removed, the search results are refreshed automatically. If all search selections are removed the following warnings are displayed. The Learning Standards warning only displays if you searched from the standards-based dropdown and that selection is removed using the red X.
