Viewing Data for One Class Period

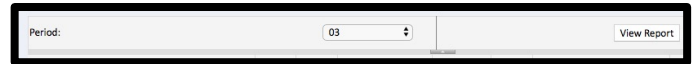

Reports accessed through the Teacher Homepage will display all students as reported by the district. **Some** reports allow you to display data for students in **one period**. Those reports are: Attendance, Course Grades, Domain Level Reports, Lexile, Local Assessment Reports, Milestones EOG Reports, Milestones EOC Reports, My Schedule, and Student Growth Percentiles.

1. After accessing the desired report, click the **Period** dropdown arrow at the top of the page.

2. Click the desired period number and click **View Report**.

3. The report will display student data for students in the selected class period.

4. Domain Level Reports also allow you to select a **Fiscal Year** for display.
