

# TestPad – Create Passage

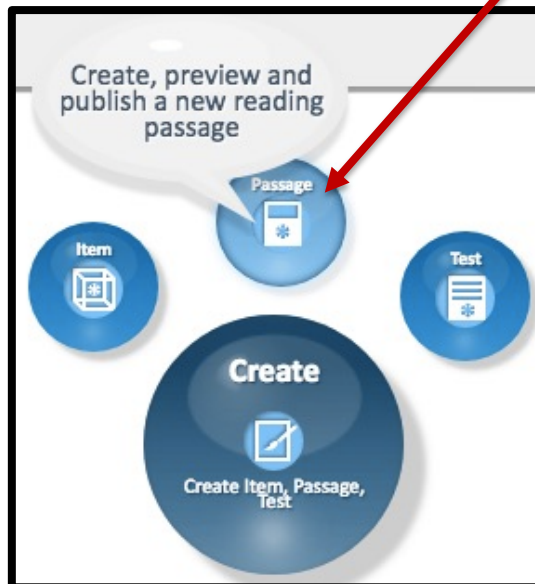

## Create a New Passage

1. Access **TestPad** by clicking **TestPad** on the **SLDS** menu bar.

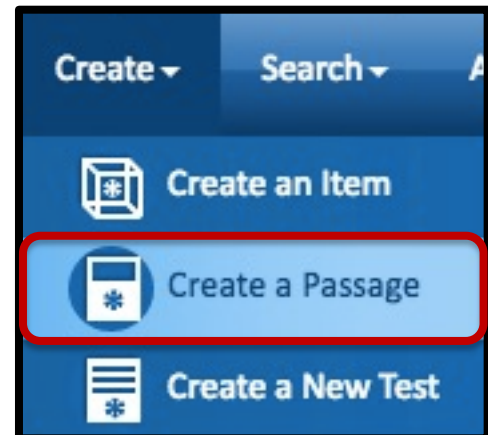

2. A **passage** in **TestPad** is a reading passage or other piece of information (map, chart, etc.) that can be linked to an **item**.
3. To create a new **TestPad** passage:

- a. Click the **Create** bubble, then click the **Passage** bubble.

–OR–

- b. Click **Create, Create a Passage** on the **TestPad** dropdown menus.

NOTE: For more information about creating passages, please see additional **Five Steps** TestPad documents.
