Benefits of the SLDS Parent Portal
Using Georgia’s SLDS Parent Portal helps parents answer the following questions:
• How can I talk to my child about how they are doing in school?
• How is my child doing in math and reading?
• How many school days has my child missed?
• How does my child compare to other students?

EL & Gifted Eligibility Form

Gifted & EL Forms – District Edit

We have made a BIG change in how Gifted & EL Screener forms are managed- but it is only a slight cosmetic change. Many Directors/Coordinators have asked for this change.

Now a district level “Approver” can make edits even AFTER the form has been approved (in the past the district had to request DOE to make those changes). The fear of making a mistake, resulted in many districts delaying the Approval process- now they don’t have to delay, because they can edit/correct forms locally.
Gifted & EL Forms – Dynamic Icons

Student Growth Targets

Offering a holistic education to each and every child in our state.
Where do the growth model targets come from?

- Median Developing Learner Target: 4.0
- Median Proficient Learner Target: 55.0
- Median Distinguished Learner Target: 77.0
Growth target explanation
Growth targets range from 1 to 99 and describe how much growth a student likely needs to be on the path to reach different achievement levels on the next assessment. In other words, growth targets tell us “if you grow this much (e.g., 70th percentile), you will likely reach this achievement level.” Three levels of targets are provided:

- Developing Learner Target: The amount of growth a student likely needs to demonstrate to become or remain a Developing Learner.
- Proficient Learner Target: The amount of growth a student likely needs to demonstrate to become or remain a Proficient Learner.
- Distinguished Learner Target: The amount of growth a student likely needs to demonstrate to become or remain a Distinguished Learner.

Growth targets are based on a one-year timeframe and are recalculated each year.
