

GAA

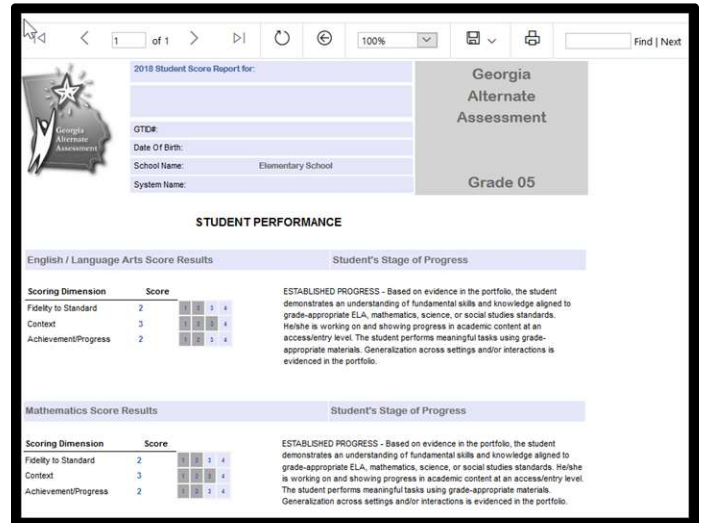

1. The GAA is a portfolio of student work that enables the demonstration of achievement and progress relative to selected skills that are aligned to Georgia curriculum. The portfolio is used to capture student learning and achievement/progress in four content areas: English - Language Arts, Mathematics, Science, and Social Studies.
2. The GAA assessment results can be viewed under Assessments on the Student Profile Page.

3. Teachers can view GAA assessment results from their class roster.

4. Click on a GAA Assessment to view the entire Student Score Report.

5. To export the GAA Report, click the floppy disk and choose the desired format to export.
