

Navigation Tool Bar

1. Sign into SLDS to open your dashboard. Scroll down to the **Navigation Tool Bar**.

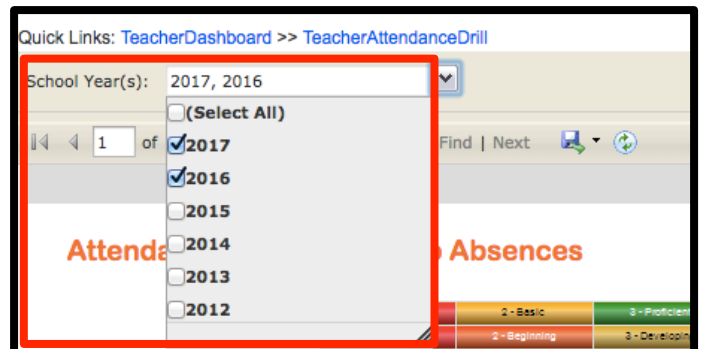

2. Once you have clicked on a data area (Rosters, Attendance, Lexiles, State Assessment, Course Grades, Local Assessment, GOFAR, State Assessment Classroom Performance), use the blue arrow to navigate back one page at a time. **DO NOT** use the browser back arrow to navigate!

3. The **Find Text** feature allows you to search for specific text on the page. The  will refresh the Navigation Tool Bar.

4. The drop down option will allow you to select a specific class period from the Teacher Dashboard page or academic years on data reporting pages. Once an option has been selected, click **View Report** to apply the selected filter. (See Class Period Selection for more information on selecting class periods.)

5. The **Floppy Disk icon** will allow you to export the data page you are currently on by selecting your preferred method of export from the options available. (See *Exporting* for more information on *Exporting options*.)
