Addressing Health Barriers to Learning
Georgia’s Approach & Toolkit

APPENDIX 1: Screening Resources

1. Uncontrolled Asthma
   - Asthma risk questionnaire
   - Univ. of Alabama Birmingham asthma study

2. Uncorrected Vision Problems¹
   - SPOT Vision Screener
   - SPOT Infographic

3. Unaddressed Hearing Problems
   - MAICO ERO Scan
   - SoundWaves Pediatric Hearing Aid Program

4. Dental Pain
   - AAP Oral Health Risk Assessment Tool
   - Dental hygiene general supervision legislation

5. Persistent Hunger
   - American Academy of Pediatrics (AAP) food insecurity questionnaire
   - Food Finders

6. Lead Exposure Risk Assessment (risk assessment only—not screen)
   - Georgia Healthy Homes and Lead Poisoning Prevention Program Risk Factors Assessment Questionnaire (ages 6 months through 6 years)

7. Language Skill Deficits
   - Preschool Language Scales-5 Screening Test (PLS-5)
   - CELF-5 Screening Test (CELF-5)
   - Children’s Communication Checklist-2 (CCC-2)

8. Behavioral and Mental Health Problems
   - BASC-3 Behavioral and Emotional Screening System (BASC-3 BESS)

¹ Georgia Department of Public Health Form 3300 is required to be completed at the entry to school. Screening for vision, hearing, dental health, and nutrition are included on the form. For more information: https://www.gadoe.org/Curriculum-Instruction-and-Assessment/CTAE/Documents/Form-3300-School-Health-Leaders.pdf
### Health Barrier to Learning

</tbody>
</table>

² Screening may be provided in-kind by local dental professionals and/or health department.
³ Cost of the SPOT vision screener is $7,500. Strongly consider connecting with local partners, civic groups (e.g. Lions Club), and other community organizations to provide these services. You may additionally consider purchasing 1 screening device to be shared among a cluster of schools, district, or Regional Education Service Agency (RESA).
### Health Barrier

#### Unaddressed Hearing Problems

**Screening Method/Tool:** Maico ERO Scan  
**Time to Complete:** 2 minutes  
**Purpose:** To identify any level of hearing loss in youth who are screened.  
**Partners/Volunteers to Consider:**  
- Georgia Lion’s Lighthouse Foundation  
- Lions Clubs  
- Georgia Department of Public Health Districts  
- School nurses  
- Community volunteers  
**Estimated Cost:** Variable

#### Persistent Hunger

**Screening Method/Tool:** 2-item food insecurity questionnaire  
**Completed by:** Student  
**Time to Complete:** 1 minute  
**Purpose:** To identify youth who are living in food insecure households.  
**Partners/Volunteers to Consider:**  
- Share Our Strength – No Kid Hungry  
- Georgia Food Bank Association  
- Action Ministries  
- Georgia Food Bank Association  
**Estimated Cost:** $0.00

#### Lead Exposure

**Screening Method/Tool:** 7-item questionnaire (age range: 6 months through 72 months)  
**Completed by:** Parent  
**Time to Complete:** 5 minutes  
**Purpose:** Lead exposure risk only. Blood lead tests should be done right away if the child is at high risk (one or more "yes" or "I don’t know" answers on the questionnaire).  
**Partners/Volunteers to Consider:**  
- Georgia Department of Public Health – Healthy Homes and Lead Poisoning Prevention Program  
**Estimated Cost:** $0.00

---

4 Cost of the Maico ERO Scan device is $4,000. Strongly consider connecting with local partners, civic groups (e.g. Lions Club), and other community organizations to provide screening services. You may additionally consider purchasing 1 screening device to be shared among a cluster of schools, district, or Regional Education Service Agency (RESA).
