GCIS/GAcollege411/GAfutures

- Gacollege411 is going away as we know it
- Gafutures will be used for college planning—to apply for admission and financial aid. Hope calculations and transcript exchange will still be available on this site
- Georgia Vocational Rehabilitation Agency will be purchasing Georgia Career Information System for all middle and high schools for the state to include K-12 schools and the state schools to assist with career development and individual graduation planning

Counselor Companion Database

Richard Woods,
Georgia's School Superintendent
"Educating Georgia's Future"
gadoe.org

- Bob Swiggum, CIO for the GaDOE, is working on a long term plan for a counselor companion
- A task force made up of counselors and other stakeholders from across the state are helping in the development of the site (along with the IT division of the GaDOE)
- The Longitudinal Data System (LDS) will be leveraged because of the data we currently have in place
- More information will be forthcoming

20-2-159.3. Academic core standards to be embedded in career, technical, and agricultural education courses

CTAE Resource Network

- Please add **ALL** levels of counselors in the appropriate profile section on the network.
- This is the only means of communication we have with ALL school counselors in the state.
- Information is generally sent weekly about upcoming workshops, trainings and best practices.

GaDOE Counseling Webinars

Richard Woods,
Georgia's School Superintendent
"Educating Georgia's Future"
gadoe.org

- Webinar offerings provided via handout.
- The webinars can be considered job-embedded learning that may be used for certificate renewal for school counselors.
- Registration information will be sent to the counselors August 2016. Hence the reason we need to make sure all have been added to the resource network. Registration occurs via the webinar software system and not CTAERN.
