RE: Guidance for awarding of college credit for EDUC 2110 for
successful completion of a high school Teaching as a Profession Pathway

In 2008, the University System of Georgia approved a policy to award three (3) college credit hours in lieu of EDUC 2110 high school students who successfully completed the Teaching as a Profession Pathway.

Successful completion is defined as:

1. Passing the three Teaching as a Profession Pathway courses with a C or better; 13.01100-Examining the Teaching Profession; 13.01200-Contemporary Issues in Education; and 13.01300-Teaching as a Profession Practicum.
2. Completion of a portfolio as part of the Pathway's course requirements
3. Passing of the approved statewide End of Pathway Assessment

Credit will be awarded at all institutions for all students from any Georgia public school who meet the criteria for successful completion outlined above. Students without the required documentation sent by the school should be instructed to contact their high school and request the information be made available to the respective USG institution's registrar.

Students who complete the Teaching as a Profession Pathway and seek credit for EDUC 2110 must follow the processes in place at the institutions of high education. Further, students must have the following documentation in their records as transferred to the USG institution from the high school:

1. Course transcripts showing satisfactory course completion. Note: Course numbers indicated above may vary slightly but will begin with the 13-prefix and bear the names as noted; AND
2. The attached letter on school system letterhead and signed by the testing coordinator, principal or other designated certifying official.

Questions about implementation of this policy may be directed to the following persons:
