

PROGRAM OF STUDY: Cosmetology

This Program of Study may serve as a graduation guide for the next four plus years, along with other career planning and educational materials. Courses listed in this model may include recommended coursework and should be individualized to students' educational and career goals. Each graduation plan needs to meet minimum high school graduation requirements. Dual Enrollment courses can be high school academic and/or career technical education courses.

SECONDARY:

 - Placement Exam
- United States Military
 - ASVAB Assessment
- Use BRIDGE Law platform to inform decisions on postsecondary opportunities
- Dual Enrollment
- Earning high school course credits while taking college courses

Cosmetology Career Pathway Completers - Industry Credentialing for High School Students

Upon completion of sequenced courses in the Cosmetology Pathway, students are eligible to complete the Industry-Recognized student credential for fulfillment of the End of Pathway Assessment. Secondary students completing the Cosmetology pathway will be able to sit for the National Industry Credentialed assessment offered on-line from NOCTI and SkillsUSA. Once mastery is reached, students will receive recognition for completion and use this credential in conjunction with their job or continuing training. For specific assessment information, refer to: <http://bit.ly/GAHumanServices>

Cosmetology Pathway Description

Although the pay is good for many of the jobs in Personal Care Services, people choose these jobs because they want to serve others. They are motivated by the need to assist others and to help make someone else's life better. Occupations are varied including cosmetologists, estheticians, nail techs, and barbers. These types of jobs help people feel and look better. Personal Care Services workers assist individuals with their personal appearance including shampooing, cutting, coloring, and styling hair; providing manicures, pedicures, and scalp and facial treatments; providing makeup analysis; cleaning and styling wigs and hairpieces; and providing personal fitness training. Also, within personal care services, funeral directors and attendants make funeral arrangements for grieving families. Cosmetologists cut, trim, shampoo, style, color, bleach, highlight hair and offer permanent wave service. They also provide scalp and facial treatments and makeup analysis. Some also clean and style wigs and hairpieces and a growing number of actively sell skin care products. Barbers and cosmetologists usually work in a barbershop or salon. Physical stamina is important because workers are on their feet for most of their shift. Many work part time, and nearly half were self-employed according to 2014 data. All states require barbers and cosmetologists to be licensed, except for shampoo technicians. To qualify for a license, candidates must graduate from a state-approved cosmetology or barbering program. Overall employment of barbers and cosmetologists is expected to grow 14 percent from 2014 to 2024, as fast as the average for all occupations. Most job openings will result from the need to replace workers who leave the occupation.

Sample In Demand Careers in Georgia

Occupation Specialties	Level of Education Needed	Georgia Average Salary	Annual Average Openings in Georgia	2018 – 2028 Employment Outlook
