RE: 2014 Georgia CTAE Teacher Job Fair

DATE: March 3, 2014

You are invited to participate in the **2014 Georgia CTAE Teacher Job Fair** scheduled for Saturday, May 3, 2014 from 8:30 a.m. until 12:30 p.m. at the William S. Hutchings Career Center, in Macon, Georgia. This event is sponsored in partnership with TeachGeorgia in the Georgia Professional Standards Commission (PSC) and the Career Technical and Agricultural Education (CTAE) Division in the Georgia Department of Education (DOE).

School districts in need of quality CTAE educators are encouraged to attend. Recruiters can expect to meet teacher candidates in CTAE: Agricultural Education, Architectural Drawing and Design, Automotive Service Technology, Aviation, Broadcast and Video Production, Business Education, Collision Repair, Construction (Carpentry, Electrical, Masonry, Plumbing and Heating, Ventilation, Air Conditioning & Refrigeration (HVACR), Cosmetology, Culinary Arts, Electronic Technology, Family & Consumer Science, Granite Technology, Graphic Communications & Design, Healthcare Science Technology Education, Information Technology, Junior Reserve Officer's Training Corps (JROTC), Manufacturing and Engineering Sciences, Marketing Education, Precision Machine Technology, Public Safety, Sheet Metal, Technology Education, Telecommunications, Welding Technology.

This event is free for school systems. Due to the timeframe of this event and because school systems will not be charged to participate, please bring your own snacks.

Please accept this as your invitation to attend the 2014 Georgia CTAE Teacher Job Fair.

For School System Registration *ONLY*:

REGISTRATION WILL CLOSE ON THURSDAY APRIL 24, 2014 at 1:00 PM.

Please register by clicking on the following or copy and paste in your browser:

Georgia's Technical Skill Attainment Inventory 2013-2014

Georgia, like many other career and technical education programs around the nation, has worked in recent years to establish a measurement mechanism to ascertain the level of technical skill attainment on behalf of its career pathway completers. Georgia's measurement process has been derived in direct response to the Perkins IV Legislation, specifically, Core Indicator 251 which mandates states to implement a valid and reliable assessment model linked directly to industry validated standards.

In working to identify existing assessment models that would not only support the mandates of the Perkins IV legislation...

Career Clusters Instructional Resources Project

Project Overview

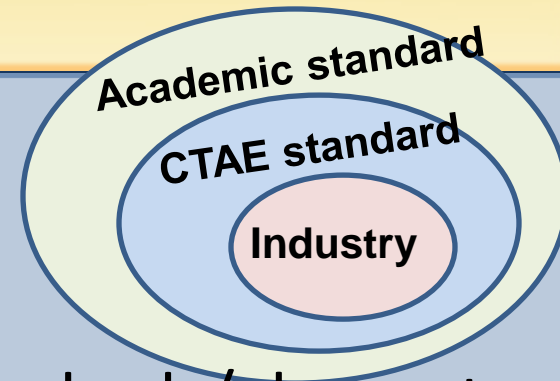

- Dr. John Pritchett is now working with the CTAE Program Specialists and the CTAE Resource Network to develop Instructional Resources for the Career Cluster Foundation Courses
- Unit resources are being developed first for courses with the greatest enrollment numbers, then continuing until all courses are completed
- Units ideas coming from industry partners, teacher experts, program specialists. Univ. of Georgia students assisting in putting the units into an interesting format.

Career Clusters Instructional Resources Project

Unit Overview

- Instructional units will include an industry concept or simulation
- Industry simulations will relate to and include career and technical course standards/elements
- Related academic standards will be included
- Differentiated instruction, web 2.0 tools, reliable assessments (performance, formative), and interactive activities for students will be included

Contact Dr. John Pritchett,
jpritchett@doe.k12.ga.us

Government & Public Administration Cluster

In preparation for the implementation of the new Government and Public Administration pathway, an 'Adjunct Instructor' webinar will be held on
April 21, 2:00-3:00 pm.

Webinar information has been sent to CTAE directors and principals. Please share with others in your school system.

Government & Public Admin/JROTC Update

- JROTC is a complete pathway under the Government and Public Administration cluster.
- Any three (3) state-approved JROTC courses may be used for a student to be a completer.
- JROTC must be included in development of SLOs.

Government & Public Admin/JROTC Update (continued)

- Transfer students may continue as a student in a different military branch of JROTC.
- New JROTC unit approvals for next year will not occur because of national budget cuts.
- Updated information is located on the CTAE/GaDOE JROTC website.

Government and Public Administration/JROTC Update

National/GA Purple Up Day to Show Support for Military Kids

April 15, 2014

- Purple symbolizes all branches of the military, as purple is a combination of Army green, Marine red, and Coast Guard, Air Force, and Navy blue.
- Local systems may select another PURPLE UP day in the month to better fit the school calendar.
- Click the link below for further information

<http://www.operationmilitarykids.org/public/statePOChome.aspx?state=Georgia>

Dual Enrollment/Dual Credit falls under Transition Career Partnership

Transition Career Partnership Program

Communicating with the counselor and local FTE Coordinator is critical to ensure accurate Dual Enrollment coding

New Dual Enrollment course lists will soon be posted on the GaDOE website

The Transition Career Partnership Program (TCP) assists students to successfully transition from one level to the next

FY15 Updated Dual Enrollment/Dual Credit information is now located on the CTAE/GaDOE website

GEORGIA DEPARTMENT OF EDUCATION
The Georgia Department of Education does not discriminate on the basis of race, color, religion, sex, national origin, age, or disability in its programs, activities, or employment practices.

Attention Parents!

Your child can Earn College Credit in High School!

Dual Enrollment/Dual Credit programs provide opportunities for Georgia high school students to take college-level courses and earn concurrent credit toward a high school diploma and a college degree while still in high school.

Dual Enrollment/Dual Credit courses are primarily available for any eligible 11th or 12th grade (in some limited cases 9th-10th) high school students. Students may enroll full-time or part-time in approved credit-bearing college-level courses by the State Board of Education.

Required Dates and Information to Parents and Students

- April 1 is the deadline for dual enrollment general information to be provided to all 8th through 11th grade students and their parents each school year, as required by Georgia legislation.
- If you want your child enrolled in a dual enrollment program, Georgia legislation requires a parent conference with the high school counselor where the following programs are explained and the appropriate dual enrollment/dual credit forms can be completed and signed to ensure enrollment.

Dual Enrollment/Dual Credit Facts

- Eligible dual enrollment/dual credit courses are included in state-approved course lists, including the Accel list, Dual Enrollment Matrix Course Directory, and the Move on When Ready Supplemental List.
- One to two college semester hours will earn 1/2 high school unit, while three to five college hours will earn a full high school unit.
- If colleges and universities provide letter grades for their courses, the local system will create a numerical conversion chart for all dual enrollment credit courses.
- Dual enrollment/dual credit courses may be taken before, during, or after regular school hours, and may be taught on the college campus, on-line or at the high school during the regular school calendar year.

Dual Enrollment/ Dual Credit Parent Flyer

April 1st: Deadline for providing dual enrollment information to 8th – 11th grade students

GEORGIA DEPARTMENT OF EDUCATION

Move On When Ready

- Move on When Ready requires an eligible 11th or 12th grade student to be enrolled full-time and take ALL courses through an eligible postsecondary institution.
- Students receive secondary and college credit for completing graduation and high school diploma requirements.
- Tuition for Move on When Ready students is paid by the Georgia Department of Education to the designated technical college, college or university.
- A full-time student can take between 12 and 15 credit hours each semester.

www.gadoe.org/Curriculum-Instruction-and-Assessment/CTAE/Pages/Transition-Career-Partnerships.aspx

Articulated Credit

- Articulated Credit provides students the opportunity to receive both high school and post-secondary course credit after successfully completing identified academic and career-related courses leading to a diploma, certificate or degree.
- Successfully passing selected statewide articulated course assessments provide opportunities for postsecondary and high school credit for high school students.
- There are no costs for participation in articulation as the high school courses are taught at the local high school, during their normal school day with the regular high school teachers.

Early College

- Early College is a partnership between a designated local school system and a University System of Georgia institution.
- Early College provides students with the opportunity to earn a high school diploma and coursework toward an associate's or a bachelor's degree.

www.gaeabcollge.org/

Gateway To College

- Gateway to College programs are located exclusively on college campuses and include local agreements between local school systems and colleges.

Professional Learning Data Update

CTAE Workshop Cancellation Information

TWO-WEEK ROSTER LOCK:

A two-week roster lock is in place on the CTAE Resource Network to determine if the 12-participant workshop minimum has been reached for funding purposes.

- * Local CTAE administrator should be contacted when a CTAE staff member finds out that attending the workshop is not possible– and the 2-week Roster Lock won't allow cancellation.

Professional Learning Data Update (cont.)

* Workshop Cancellation Information (continued)

- * If a registered workshop participant does not attend, an automatic "no-show" email will be generated and sent to both the participant and local CTAE administrator.
- * The local CTAE administrator should be notified - if a 'no show' email is sent out, so that the local system is aware of the reason.

TAG EDUCATION COLLABORATIVE PRESENTS
GEORGIA STEM DAY
MAY 9, 2014

Georgia STEM Day is a day for schools & companies to raise awareness, celebrate and engage in activities involving science, technology, engineering and math! Last year's event attracted over 275,000 students from 50 different school districts in the state.

Visit <http://bit.ly/GASTEMDay> to register!

WHY CELEBRATE STEM?

STEM is Georgia's future!
Innovative and quality education in STEM is vital for providing professional opportunities for students as well as strengthening Georgia's future workforce and economy.
Inventive and engaging STEM learning starts with

HOW DO I GET INVOLVED?

- **Educators:** Incorporate fun and innovative STEM activities into your classroom on May 9th.
- **Companies:** Volunteer to speak at a local school about your exciting STEM career, or host a field trip for students at your business for local students.
- **Partners:** Promote STEM Day by providing

STEM Initiatives Brochure

STEM Georgia Initiatives

STEM Georgia School/Program Certification

Georgia schools may apply for state certification as an official STEM school. Applications are available online at stemgeorgia.org.

STEM Georgia Certified Schools

These Georgia schools have passed the rigorous criteria to become STEM Certified. Each school has unique characteristics the Georgia Department of Education determined are the qualities of a STEM school. Read more about these schools online at stemgeorgia.org.

STEM Georgia Festivals

Georgia STEM Festivals are hosted by high schools across the state and propose to foster public understanding of STEM and the relevance of STEM fields to everyday life. The Festivals also serve to inspire and motivate students to consider a STEM career by creating an awareness of STEM possibilities for parents and students. Featured at each Festival are STEM experiments, investigations, and design challenges created by Georgia industries to plant the seeds of possibility in the minds of students who may otherwise have never considered STEM-related careers.

Exploring STEM School Design Conference

STEM Georgia Teachers Institute

Each summer, career and technical, mathematics, and science teachers immerse themselves in STEM for five days to help define what STEM is and how it should look in the classroom after learning critical needs and topics from Georgia STEM industries.

STEM Institute teachers investigate beach

STEM Georgia Teachers Academy

The STEM Georgia Teachers Academy is designed to develop the tools K-12 teachers need to engage students in a STEM curriculum. The fine art of problem/project-based learning, effective integration of technology into the classroom so students become producers of digital content, introductory programming for teachers, and exposure to a wealth of STEM tools and resources are the cornerstone of this academy. For additional information visit stemgeorgia.org.

Girls Adventures in STEM

Nontraditional workshops conducted primarily in South Georgia to foster a greater awareness and skill level for middle school-aged girls to consider entering a STEM-related field when choosing a career.
