

Georgia Career and Technical Student Organizations

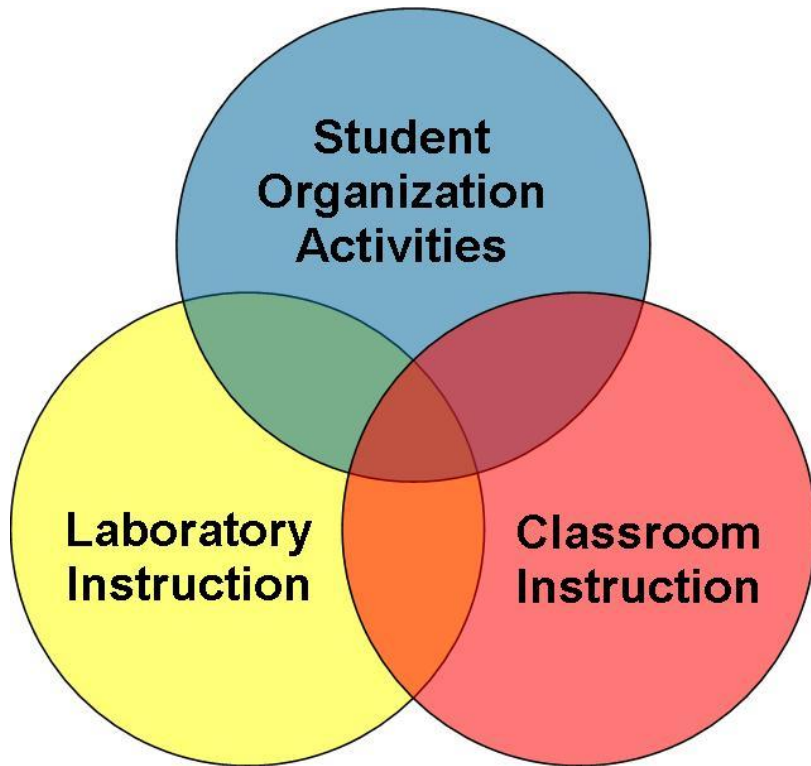

Career and Technical Student Organizations (CTSOs) are student governed organizations with leadership programs and competitive events which reflect current curriculum standards and competencies for the instructional programs they serve within Career, Technical and Agricultural Education (CTAE).

CTSOs are committed to the growth of students in all CTAE career pathways and they play an integral role in preparing students to become college and career ready.

Org	Applicable Clusters
CTI	All CTAE Career Clusters and Pathways (serving students with disabilities)
DECA	Marketing Hospitality and Tourism
FBLA	Business Management & Administration Finance Information Technology
FCCLA	Education and Training Hospitality and Tourism Human Services
FFA	Agriculture, Food & Natural Resources
HOSA	Health Science
SkillsUSA	Architecture & Construction Arts, A/V Technology & Communications Transportation, Distribution & Logistics Human Services Law, Public Safety, Corrections & Security
TSA	Science, Technology, Engineering, Mathematics Energy Manufacturing Arts, A/V Technology & Communications

Each element of the diagram is a distinct part of the CTAE division but they are so fully intertwined that they cannot be fully separated if a complete program is to be offered.

Extra-Curricular: used to describe extra activities that can be done by the students in a school but that are not part of the regular schedule of classes

Co-Curricular: being outside of but usually complementing the regular curriculum

Integral: very important, necessary;
essential to completeness

CORE Values

- Commitment:** To create among members, educators and business and industry an adherence and appreciation for all CTAE Programs.
- Conviction:** To develop patriotism through knowledge of our nation's heritage and practice of democracy.
- Education:** To create enthusiasm and empower students to become lifelong learners
- Integrity:** To deal honestly and fairly with one another.
- Leadership:** To develop leadership abilities through participation in educational, professional, community and social activities.
- Professionalism:** To promote high standards in career ethics, workmanship, scholarship and safety.
- Recognition:** Appreciation of the value of achievement.
- Service:** To cultivate a desire to contribute to the benefit and welfare of others
- Teamwork:** To enhance the ability of students to plan together, organize and carry out worthy activities and projects through the use of the democratic process.

Career & Technical Instruction

Our Career Goals

- Provide support services to students with disabilities enrolled in CTAE courses.
- Provide meaningful leadership and employability experiences for students with disabilities.
- Coordinate students' course of study with career goals through an Individualized Education Plan (IEP).
- Provide real world experiences to prepare students for transition to college or the workforce.
- Provide Work-Based Learning opportunities.

"As a student with a disability, I never I would have been able to work because that's what I wanted to do in my class. Georgia CTI provided me the instructional support to help me achieve success with exciting projects. I would not be on the pathway to my dream without CTI."

THANK YOU
