RESOURCE SPOTLIGHT

**ELA** - The ELA team invites you to take a look at our [Digital Tips for Student Engagement](#)! The collection of tips offers ideas for using digital tools to bolster student engagement in virtual, physical, synchronous, and asynchronous learning contexts. Click here to view.

**Mathematics** - Georgia's K-12 Mathematics Standards have been adopted by the State Board of Education. Professional learning around the new standards is ongoing during the 2021-2022 school year and will extend into the 2022-2023 school year. Visit [www.gadoe.org/mathcon](http://www.gadoe.org/mathcon) for more information on this professional learning.

**Science** - Check out the following link to the [Science Professional Learning Playlist](#). It contains information about upcoming trainings and has links to recordings of past professional learnings that are available on demand.

**Social Studies** - Check out our virtual professional learning catalog! Click this [link](#) to register and view previously recorded sessions on the playlist.

NEW RESOURCE:

**Resources Mini-Series**

Each video is a walk through of where to find resources. Find the video series at this [link](#).
