

Georgia's Systems of Continuous Improvement Equity Intervention EI-10 Action Step Alignment Sample Guide

Goal: From FY21 to FY22 the graduation rate will increase by 3%

EI-10 – Equitable Allocation of Academic Resources to students

Action Step 1: Provide professional development to teachers on integrating technology

Does this action step support the selected equity intervention?

Select No - This step does not align because it is not providing an academic resource to students but still aligns with the goal

Action Step 2: Assign a graduation coach to work with students not on track to graduate

Does this action step support the selected equity intervention?

Select Yes – This step does align because it is providing an academic resource to students

Action Step 3: Provide credit recovery programs to students

Does this action step support the selected equity intervention?

Select Yes - This step does align because it is providing an academic resource to students
