2

Good morning & welcome the PCGenesis Current Status & Future Plans Session. Angela & I thank you for coming today. Please feel free to make comments or ask questions during the presentation. When we get to the future plans portion, we need your input to help us focus on your needs. So all of you, please join in the discussion

# Agenda

- **PCGenesis Budget System**
- Financial Enhancements
- Direct Deposit Enable/Disable Switch
- Import New Employees
- Payroll Class Code for Board Members
- Affordable Care Act
- Payroll Exports and Imports
- W-2's
- CPI Cycle 3 Reporting and CPI Code Table Download

3

2014 saw many new features and functions added to PCGenesis.

## Announcing the PCGenesis Budgeting System

- The GaDOE announced the distribution of the *PCGenesis Budgeting System* in the March 2014 release.
- The new system allows budgeting for payroll salaries and employer benefits.

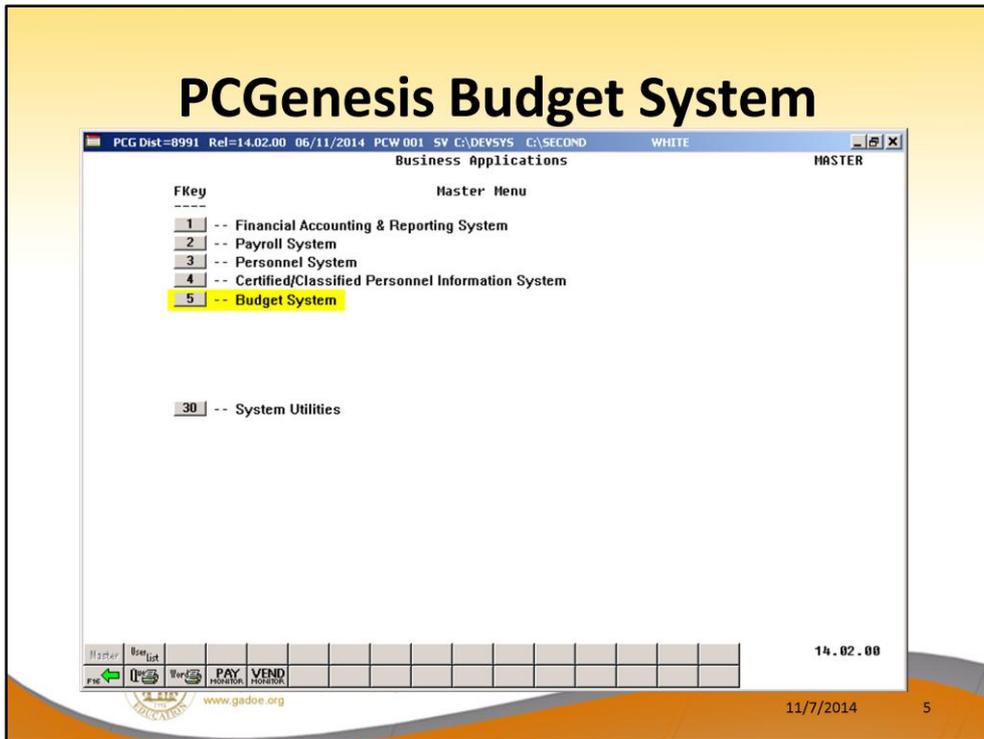

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"  
www.gadoe.org

11/7/2014

4

- The Georgia Department of Education (GaDOE) is pleased to announce the distribution of the *PCGenesis Budgeting System* for payroll salaries and employer benefits.
- This option is available by selecting **F5** (Budget System) from the *Business Applications Master Menu*.
- The preliminary code for a new budgeting system was included in release 14.01.00.
- While the programs have been updated, this system is still evolving, and has not been implemented in all PCGenesis sites.

# PCGenesis Budget System

- The Georgia Department of Education (GaDOE) is pleased to announce the distribution of the *PCGenesis Budgeting System* for payroll salaries and employer benefits.
- This option is available by selecting **F5** (Budget System) from the *Business Applications Master Menu*.
- The preliminary code for a new budgeting system was included in release 14.01.00.
- While the programs have been updated, this system is still evolving, and has not been implemented in all PCGenesis sites.

# PCGenesis Budget System

- The concept of the budgeting system is to create a “playground” or “sandbox” with copies of employee and system files.
- Once the data is in the “sandbox”, a site can manipulate salary and benefit data:
  - Generate a series of budgeting reports.
  - Create a .csv external file that will be used for loading the budget on the financial side.
  - Use the “sandbox” gross data to load the payroll gross data for the next fiscal year.

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"  
www.gadoe.org

11/7/2014

6

- The concept of the budgeting system is to create a “playground” or “sandbox” with copies of the appropriate employee and system files.
- K:\SECOND\SANDBOX
- In the “sandbox”, a site can manipulate salary and benefit data in order to generate a series of budgeting reports, and also to create a .csv external file that will be used for loading the budget on the financial side.
- Once the budget is finalized, a site can use the “sandbox” gross data to load the employee salaries (payroll gross data) for the next fiscal year.
- By utilizing the concept of a “playground” or “sandbox”, users may execute a variety of “what if” scenarios to model various budget outcomes without affecting their “live” payroll files

# PCGenesis Budget System

7

- The concept of the budgeting system is to create a “playground” or “sandbox” with copies of the appropriate employee and system files.
- K:\SECOND\SANDBOX
- In the “sandbox”, a site can manipulate salary and benefit data in order to generate a series of budgeting reports, and also to create a .csv external file that will be used for loading the budget on the financial side.
- Once the budget is finalized, a site can use the “sandbox” gross data to load the employee salaries (payroll gross data) for the next fiscal year.
- By utilizing the concept of a “playground” or “sandbox”, users may execute a variety of “what if” scenarios to model various budget outcomes without affecting their “live” payroll files

# PCGenesis Budget System

- The Georgia Department of Education (GaDOE) is pleased to announce the distribution of the *PCGenesis Budgeting System* for payroll salaries and employer benefits.
- This option is available by selecting **F5** (Budget System) from the *Business Applications Master Menu*.
- The preliminary code for a new budgeting system was included in release 14.01.00.
- While the programs have been updated, this system is still evolving, and has not been implemented in all PCGenesis sites.

# PCGenesis Budget System

- Every time the user accesses the **F1 Create Budget SANDBOX** option, a new copy of the *SANDBOX* directory is built.
- Payroll file and other accompanying files are copied into the directory *K:\SECOND\SANDBOX*.
- **Budgeting parameters are applied to the data.**
- The *Create Budget SANDBOX* option can be run as many times as desired.
- Each time the user can apply a new set of parameters to the employee data.

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"  
[www.gadoe.org](http://www.gadoe.org)

11/7/2014

9

- Every time the user accesses the *Create Budget SANDBOX* option (**F1** on the menu below), a new copy of the *SANDBOX* directory is built by copying the payroll file and other accompanying files into the directory *K:\SECOND\SANDBOX* and applying the budgeting parameters.
- The *Create Budget SANDBOX* option can be run as many times as desired, and each time the user can apply a new set of parameters to the employee data

## Budget Flag on Payroll Gross Data Screen

- The **Budget Flag** is a new field defined on the *Update/Display Gross Data* screen for the employee.
- The **Budget Flag** field on each account line determines what formulas are applied to generate new salary amounts in the budget *SANDBOX* directory.

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"  
www.gadoe.org

11/7/2014

10

- The budgeting parameters which are applied to the employee salary data are dependent on a new field defined on the *Update/Display Gross Data* screen for the employee (F2, F2, F4).
- The **Budget Flag** field on each account line determines what formulas are applied to generate new salary amounts in the budget *SANDBOX* directory.

- The budgeting parameters which are applied to the employee salary data are dependent on a new field defined on the *Update/Display Gross Data* screen for the employee (F2, F2, F4).
- The **Budget Flag** field on each account line determines what formulas are applied to generate new salary amounts in the budget *SANDBOX* directory.

# Budget Flag on Payroll Gross Data Screen

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"  
www.gadoe.org

11/7/2014

12

- We are going to discuss how the Budget Flags are used in detail later in the presentation.
- Many options are available for budgeting the employee *Gross Data* account lines and amounts.
- You can move the account numbers only, with no amounts ('A').
- You can budget salary lines for certified employees using the State CPI Salary Schedule ('S').
- You can budget salary lines for certified employees using a Local CPI Salary Schedule ('T').
- You can budget salary lines based upon a Budget Pay Category Field and user-defined salary schedules ('U').
- You can budget hourly/daily lines and salary lines by specifying percentage or amount increases ('L' or 'N').

# New Budget System

## Create Budget SANDBOX

PCG Dnt=0991 Rel=14.02.00 09/24/2014 ARC=000 SY C:\DEVSYS C:\SECOND YELLOW BUDDATE

Create Budget Sandbox

Type S lines (CPI Salary schedule):  
Enter year for salary schedule: 2014 (CCVV)  
Increase local and state years? Y (Y or N)  
Number of work days for certified employees: 180

Type T lines (Local CPI salary schedule):  
Enter year for salary schedule: 2014 (CCVV)  
Number of work days for certified employees: 190

Type U lines (User-defined salary schedule):  
Enter year for salary schedule: 2015 (CCVV)

Type N lines (No salary schedule):  
Salary lines (S, B, V, Q): Annual ant change 3000.00 - or - Percentage change 0.0000  
Hourly lines (D, H, A, X, P): Amount change 0.00 - or - Percentage change 0.0000

Type L lines (Local supplement/extra salary):  
Salary lines (S, B, V, Q): Annual ant change -1200.00 - or - Percentage change 0.0000  
Hourly lines (D, H, A, X, P): Amount change 0.50 - or - Percentage change 0.0000

ENTER = Continue, F16 = Exit 14.02.00

11/7/2014

13

- **Budget Flag of 'S'**: The user specifies the CPI state salary schedule year to use, and whether or not to increment the employees' local and state years of experience. The user must also specify the number of work days for certified employees. Since the CPI state salary schedule is based on **190** days per calendar year, if the number of work days is less than 190, the annual salary on the CPI state salary schedule is prorated accordingly.
- **Budget Flag of 'T'**: The user specifies the CPI local salary schedule year to use, and also specifies the number of work days for certified employees. The local salary schedule is based on **190** days per calendar year.
- **Budget Flag of 'U'**: The user specifies the user-defined salary schedule year to use. Since the user-defined salary schedule is based on **260** days per calendar year, if the number of work days specified on the employees' *Gross Data* screen in the **Annual Work Days** field is less than 260, the annual salary on the user-defined salary schedule is prorated accordingly. The system looks up the correct user-defined salary schedule based upon the employees' **Budget Pay Category** field.
- **Budget Flag of 'L'** (budget as a local supplement/extra salary) or with a **Budget Flag** of **'N'** (budget as state salary, but do not apply a salary schedule): The user can apply either an annual amount or percent increase or decrease to the salary or the rate on the account line.

# PCGenesis Budget System

- The ***PCGenesis Training – New PCG Budget Process*** session will provide detailed information about running the PCGenesis Budget System.
- Make sure to attend!

# Direct Deposit Reports

- A report has also been added to list all employees with NO direct deposit.
- For districts with a policy of direct deposit only, this helps to identify the employees who are not set up for direct deposit.

2014 saw many new features and functions added to PCGenesis.

# Import New Employees

- The *Import New Employees – Batch Mode* option which is available from the *Payroll Export/Import Menu* has been updated.
- Before, the batch new hire import procedure would read a directory which contained multiple single-employee import files, and import all of the individual files at once.
- Now, a new option has been added which loads multiple employees from one import file.

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"

# Import New Employees

- When the user enters the *Import New Employees – Batch Mode* process, a screen is presented with the following two options:

Import File Type?

- Multiple Files, One Employee Per File
- One File, Multiple Employees

# Import New Employees

- Facilitate gathering employee information from multiple departments and/or schools.
- Schools can load data into Microsoft® Excel Spreadsheets / Workbooks
- The Spreadsheets can then be loaded into the PCGenesis system either individually, or in batch mode.
- Three methods are now offered for importing new employee data.

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"  
[www.gadoe.org](http://www.gadoe.org)

11/7/2014

## Import New Employees Use *Add Employee* Screen

- On the *Add Employee* on-line screen, users will be able to create a new employee by importing a spreadsheet with one individual's data.
- Users may select **F17** (Import new employee data) to import the data from a comma-delimited file.
- If the import is successful, the import data will be displayed on the *New Employee* screen, and the payroll administrator will be able to finish editing and adding the employee data.

## Import New Employees Multiple Files, One Employee Per File

- Uses the same spreadsheet as shown in the prior slide.
- This process reads a directory which contains multiple single-employee import files, and imports all of the individual files at once.
- Available from the *Special Functions Menu*, and the *Payroll Export/Import Menu*.

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"  
[www.gadoe.org](http://www.gadoe.org)

11/7/2014

48

## Import New Employees Multiple Files, One Employee Per File

- New employees will be created from all files that pass the edits.
- Any files which contain errors will be bypassed.
- Run in trial mode or final mode.

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"  
[www.gadoe.org](http://www.gadoe.org)

11/7/2014

49

## Import New Employees Multiple Files, One Employee Per File

- Three reports are produced from the batch process:
  - A report listing the valid employees
  - A report listing the employee files with errors
  - A summary report which displays the results for each file.

# Agenda

- PCGenesis Budget System
- Financial Enhancements
- Direct Deposit Enable/Disable Switch
- Import New Employees
- **Payroll Class Code for Board Members**
- Affordable Care Act
- Payroll Exports and Imports
- W-2's
- CPI Cycle 3 Reporting and CPI Code Table Download

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"  
[www.gadoe.org](http://www.gadoe.org)

11/7/2014

68

2014 saw many new features and functions added to PCGenesis.

## Payroll Class Code for Board Members

- Payroll **Class Type** of 'B' (Board Members) is now available.
- The *Payroll Description File* class type codes now include the following valid values:
  - **B – Board Members**
  - **F – Full Time**
  - **P – Part Time**
  - **S – Substitutes**
  - **3 – Third Party Contractors**

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"  
[www.gadoe.org](http://www.gadoe.org)

11/7/2014

69

PCGenesis can be brought into the modern era by interfacing with third party software.

## Payroll Class Code for Board Members

- Per Ga DOL specifications, elected board members should not be reported on Department of Labor reports.
- This requires setting up a new **Payroll Class Code Type** to designate board members only.
- A **Class Type** of 'B' will allow board member wages to be skipped for the DOL report.

## Payroll Class Code for Board Members

- However, the DOL Report will not change until 4<sup>th</sup> quarter.
- Payments created before release 14.03.00 will not be flagged as 'Board Member' in Earnings History.
- Payments created after release 14.03.00 will be flagged as 'Board Member' in Earnings History.

74

2014 saw many new features and functions added to PCGenesis.

# Affordable Care Act

- 3<sup>rd</sup> parties require “actual hours worked per week” for all employees including substitutes.
- Any employee who averages more than **30** hours per week is eligible for employer-covered healthcare.
- Currently, the **Days/Hours** fields are NOT available on the PCGenesis Earnings History records.

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"  
[www.gadoe.org](http://www.gadoe.org)

11/7/2014

75

# Affordable Care Act

- Requirements for Affordable Care are still in flux.
- Adding the **Hours** field to the Earnings History file is a massive change.
- Would also require changes to the *Gross Data* screen to track separate **Hours** and **Days** fields.
- Today, the *Gross Data* screen has ONE column labelled **Days/Hrs Regular**.
- We are reluctant to make any system changes at this time.

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"  
www.gadoe.org

11/7/2014

76

# Affordable Care Act

- To address these issues, we have designed a work-around.
- An export option has been added to the *Print Balance Sheets (After Updates)* process.
- Obtain a spreadsheet of employee hours/days *during the current payroll run.*
- **Payroll Administrators must remember to produce this export file while running the payroll.**

80

- The export spread sheet will contain the gross pay data including the payroll account number, the process type code, the pay rate, the regular and overtime hours/days, and the regular and overtime gross amounts.
- The export will also include the hours per day worked by the employee (in case the gross data line represents a daily rate), the employees' hire/rehire date, the payroll class code, location code, and also a dummy column.
- With this information, the user will be able to manipulate the spreadsheet in order to provide a third party vendor with the hours worked per week for all employees including substitutes, custodians, etc.
- The dummy column is available to calculate the hours worked, if applicable, by multiplying the regular and/or overtime days field by the number of hours worked per day.

2014 saw many new features and functions added to PCGenesis.

# Payroll Gross Data Export

- *Payroll Gross Data Export* now allows the user to select employee records by using **F10** – Set Employee filter/Set filter condition.
- Gross data can be exported for a selected group of employees, instead of always all employees.
- Also, the new **Budget Flag** field has been added to the Gross Data Export csv file in Column AD.

# Payroll Gross Data Import

- Make changes to the GROSSEX.csv file.
- **Keep the columns in exactly the same positions.**
- Rows must be sorted into order by **Employee ID** so that all rows for the same employee are together.
- Don't worry about the **SEQ** field (sequence number) – PCG will automatically sequence the rows for an employee.
- Once changes are finalized, the file is ready to import back into the PCGenesis payroll.

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"  
[www.gadoe.org](http://www.gadoe.org)

11/7/2014

89

## Payroll Gross Data Import

- 'R' will REPLACE all gross data lines for an employee.
  - Use at the beginning of a fiscal year to load new employee salaries.
  - Use to set up the **Budget Flag** for PCGenesis budget processing.
- 'A' will ADD the gross data lines from the spreadsheet to the existing gross data lines in payroll. Keeps the employees' permanent gross data lines.
  - Use for entering substitute pay every pay cycle.

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"

# Payroll Gross Data Import

The screenshot shows a window titled "Payroll Gross Data Import" with a status bar at the top containing system information: "PCG Dist=8991 Rel=14.03.00 10/27/2014 PCW 001 SV C:\DEVSY S C:\SECND WHITE PAVPI251". The main content area displays the following text:

CVCGR Warning(s) in GROSS DATA Import File  
Please review print file with warning listing.

F8 to Process File 'As Is'  
F16 to Exit and Correct

Two blue callout boxes provide instructions:  
1. "After you have reviewed all reports, use F8 to load the import file."  
2. "To review warnings and print reports, use F16 to exit."

At the bottom, there is a control panel with a grid of buttons. The first two buttons are labeled "ENTER" (with a green checkmark) and "F16" (with a green left arrow). The fifth button is labeled "F10". To the right of the grid, the text "14.02.00" is displayed. At the bottom left, there is a logo for "EDUCATORS" and the URL "www.gedcoe.org". At the bottom right, the date "11/7/2014" and the page number "93" are shown.

102

Cost of employer-sponsored health coverage is required for calendar year 2012.

## W2s

- Code **DD**—Cost of employer-sponsored health coverage
  - Required: Major medical, hospital indemnity or specified illness (e.g. cancer, heart, etc.)
  - Optional: Dental or vision plans
  - In general, the amount reported should include both the portion paid by the employer and the portion paid by the employee.
  - An employer is not required to issue a Form W-2 solely to report the value of the health care coverage for retirees or former employees to whom the employer would not otherwise provide a Form W-2.

109

- The 1003.csv file would not upload without changes for the 2013 W-2 cycle. Get rid of the trailing comma at the end of the record and also get rid of leading spaces in front of any amount field.

# Agenda

- PCGenesis Budget System
- Financial Enhancements
- Direct Deposit Enable/Disable Switch
- Import New Employees
- Payroll Class Code for Board Members
- Affordable Care Act
- Payroll Exports and Imports
- W-2's
- **CPI Cycle 3 Reporting and CPI Code Table Download**

2014 saw many new features and functions added to PCGenesis.

## **CPI Cycle 3 Reporting**

### **PCGenesis Leave System Users Only**

Employee leave data is displayed on the *Update/Display Balance and YTD Leave* screen.

1. The leave screen is updated manually each payroll cycle.
2. The leave data on the leave screen may have been imported from a third party leave system during payroll processing.
3. Leave data is also available for users of the new *Enhanced Substitute Pay and Employee Leave System*.

Staff Development time off has been added

Dr. John D. Barge, State School Superintendent  
"Making Education Work for All Georgians"  
www.gadoe.org

CPI Cycle 3 Leave Reporting includes:

- Sick leave (including Personal leave and leave taken from the Sick Bank)
- Vacation leave
- Staff development leave
- Other leave (including leave without pay)

## CPI Cycle 3 Reporting PCGenesis Leave System Users Only

- Create the *Original Leave of Absence* file.
- New leave system: The *Original Leave of Absence File* will be created using leave data from the Leave History File.
- Not on the new leave system: The *Original Leave of Absence File* will be created using leave data from payroll.

## CPI Cycle 3 Reporting

### PCGenesis Leave System Users Only

- All systems must create the *Original Leave of Absence File*.
- Therefore, the menu options to create and maintain the *Original Leave of Absence File* have been moved to the CPI menu.

# CPI Cycle 3 Reporting

## PCGenesis Leave System Users Only

The screenshot displays a software window titled "Certified/Classified Personnel Information System" with a sub-header "CPI Report and Data Transmission". The window contains a list of function keys (FKeys) for reporting. A yellow highlight box surrounds the options for setting up leave data, with a red arrow pointing to the option for creating the original leave of absence file.

## CPI Cycle 3 Reporting Leave Data is NOT in PCGenesis

Create the *Original Leave of Absence* file.

- If leave data has been imported or keyed into the data entry payroll screens, the *Original Leave of Absence File* will be created using leave data from payroll.
- If leave data has NOT been entered into payroll, the *Original Leave of Absence File* will be created as an empty file.
